The SPOA Team and Committee may get health information, including the youth’s health records, through a computer system operated by *HealtheConnections*, a Regional Health Information Organization (RHIO). A RHIO uses a computer system to collect and store health information, including medical records, from your youth’s doctors and health care providers who are part of the RHIO. The RHIO can only share your youth’s health information with people who you say can see or get such health information.

The SPOA Team and Committee may also get health information through a NYS Office of Mental Health database called *PSYCKES* (Psychiatric Services and Clinical Knowledge Enhancement System). It can contain health information from the NYS Medicaid database, health information from clinical records, and information from other NYS health databases. For an updated list and more information about the NYS health databases in *PSYCKES*, visit [www.psyckes.org](http://www.psyckes.org).

If you agree and sign this form, SPOA Team and Committee members can access, read, and copy your youth’s health information - including health information obtained from the RHIO and/or from *PSYCKES* – needed to arrange your youth’s care, manage such care, or study such care to make health care better for patients. The health information they see, read and copy may be from before and after the date you sign this form. The health records may have information about illnesses or injuries your youth had or may have had before; test results, like x-rays or blood tests; and the medicines your youth is now taking or has taken before. Your youth’s health records may also have information pertaining to:

- |  |                                 |                          |
|--|---------------------------------|--------------------------|
| • Alcohol or drug use problems                 | • Sexually transmitted diseases | • Discharge summaries    |
| • Birth control and abortion (family planning) | • Medication and dosages        | • Employment Information |
| • Genetic (inherited) diseases or tests        | • Diagnostic Information        | • Living Situation       |
| • HIV/AIDS                                     | • Allergies                     | • Social Supports        |
| • Mental health conditions                     | • Substance use history         | • Claims Encounter Data  |
|  | • Clinical notes                | • Lab tests              |

Health information is private and cannot be given to other people without proper permission under New York State and U.S. laws and rules. The providers that can get and see your youth’s health information must obey all these laws. They cannot give your youth’s information to other people unless an appropriate guardian agrees, or the law says they can give the information to other people. This is true if health information is on a computer system or on paper. Some laws cover care for HIV/AIDS, mental health records, and drug and alcohol use. The providers that use your youth’s health information and the SPOA Team and Committee must obey these laws and rules.

**Please read all of the information on this form before signing it.**

**I GIVE CONSENT** for the SPOA Committee to access ALL of my youth’s health information through the RHIO and/or through *PSYCKES* to provide my youth care or manage my youth’s care, to check if my youth is in a health plan and what the plan covers.

**I DENY CONSENT** for the SPOA Committee to access ALL of my youth’s health information through the RHIO and/or through *PSYCKES*; however, I understand that my provider may be able to obtain my youth’s information even without my consent for certain limited purposes if specifically authorized by state and federal laws and regulations.

## Details About Patient Information and the Consent Process

**1. How will SPOA providers use my information?**

By signing the *Universal Consent for Release of Information*, SPOA providers can use your health information to coordinate and manage your health care; check if you have health insurance and what it pays for; and study and make health care better for patients. The choice you make does not let health insurers see your information, decide whether to give you health insurance, or pay your bills.

**2. Where does my health information come from?**

Your health information comes from places and people that gave your health care or health insurance in the past. These may include hospitals, doctors, drugstores, laboratories, health plans (insurance companies), the Medicaid program, and other groups that share health information. An example of where this information is accessed is Psychiatric Services and Clinical Knowledge Enhancement System (PSYCKES). If you have any questions, visit the PSYCKES website at [www.psyckes.org](http://www.psyckes.org) and see "About PSYCKES" or ask your treatment provider.

**3. What laws and rules cover how my health information can be shared?**

These laws and regulations include New York Mental Hygiene Law Section 33.13, New York Public Health Law Article 27-F, and federal confidentiality rules, including 42 CFR Part 2 and 45 CFR Parts 160 and 164 (which are the rules referred to as the HIPAA Privacy Rule – or - "HIPAA" – *Health Information Portability and Accountability Act*).

**4. How does SPOA protect health information?**

The HIPAA Privacy Rule provides that an individual has a right to adequate notice of how a covered entity may use and disclose Protected Health Information (PHI) about them, as well as their rights and the covered entity's obligations with respect to that information.

- The *Notice of Privacy Practices* of the Broome County Mental Health Department can be found on the department's website, located here: <https://www.gobroomecounty.com/mh/requestforrecords>

**5. If I agree, who can get and see my information?**

The only people who can see your health information are those who you agree can get and see it. For the purposes of SPOA, this may include treatment and services providers who work for SPOA or for a SPOA provider.

**6. What if a person uses my information and I didn't agree to let them use it?**

If you think someone used your information, and you did not agree to give the person your information, you can contact: the Broome County SPOA at (607) 778-2351; the NYS Office of Mental Health Customer Relations at (800) 597-8481; or the United States Attorney's Office at (212) 637-2800.

**7. How long does the *Universal Consent for Release of Information* last?**

The *Universal Consent for Release of Information* is valid until you revoke (take back) permission or when SPOA Team or SPOA service providers discontinue/complete working with you.

**8. What if I change my mind later and want to take back my consent?**

You have the right to revoke (take back) the written consent at any time. The revocation must be in writing on a form provided by Broome County located here: <https://www.gobroomecounty.com/mh/requestforrecords>. The revocation of consent does not affect information disclosed while the authorization was in effect. Note: Even if you later decide to take back your consent, providers who already have your information do not have to take it out of their records.

**9. How do I get a copy of this form?**

You can request to have a copy of this form after you sign it from: [ChildSPOA@BroomeCounty.us](mailto:ChildSPOA@BroomeCounty.us).
