Introductory Section

The following section contains the Letter of Transmittal, the County of Broome Government Organizational Chart, County of Broome Officials, County of Broome Chairs of Legislative Committees, County of Broome Department Heads, and the County of Broome Office of Management and Budget. This page left blank intentionally.

July 6, 2018

Honorable Jason T Garnar, County Executive Honorable Daniel J. Reynolds, Chairman of the Legislature Honorable County Legislators County of Broome Binghamton, NY 13902

Ladies and Gentlemen:

I submit to you the Comprehensive Annual Financial Report of the County of Broome, New York (the "County"), for the year ended December 31, 2017 in accordance with the requirements of Article V, §C502 (c) of the Broome County Charter.

This Report presents comprehensive financial information summarizing the County's activities during 2017 and contains information useful for managers in the Executive and Legislative Branches of County government, taxpayers, interested citizens, and the financial markets in which the County of Broome issues its debt obligations. The financial statements included in this report have been prepared in conformity with generally accepted accounting principles ("U.S. GAAP") as applicable to governments in the United States of America.

This report presents the financial position and results of operations of the County and its component units that are properly included in conformity with U.S. GAAP. The data presented can be compared to the prior basic financial statements, and to other counties' reports to identify relevant trends.

Responsibility for material accuracy, completeness, and fairness of the information presented, including all disclosures, rests with the management of the County and its component units. The presentation fairly discloses the financial position and results of operation of the County and its component units as measured by the financial activity of the various funds. Disclosures considered necessary to enable readers to fully understand the County's financial activities have been included.

To provide a reasonable basis for making its' representation, the County has established and maintains a comprehensive internal control framework that is designed to both protect the County's assets from loss, theft or misuse and to ensure that sufficient accounting data is compiled to allow for the preparation of the County's financial statements in accordance with U.S. GAAP. The comprehensive internal control framework is to provide reasonable, but not absolute, assurance that these objectives are met. Reasonable assurance recognizes both that the cost of internal controls should not outweigh their benefits and the evaluation of costs and benefits require estimates and judgments by management.

The Office of the Comptroller is responsible for auditing expenditures. Additionally, audits of selected departments and financial activity are performed by the Comptroller's staff.

Internal controls are reviewed by the internal audit staff throughout the year.

Independent Audit

The County has an annual independent audit of its basic financial statements. The certified public accounting firm of Drescher & Malecki, LLP has audited the accompanying basic financial statements and their independent auditor's report is included in the financial section.

The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the year ended December 31, 2017 are free from material misstatement. The independent audit involved examining on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. The auditors concluded based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the County's financial statements for the year ended December 31, 2017 are fairly presented in conformity with U.S. GAAP. The independent auditor's report is presented first in the financial section of this report.

Additionally, the audit was designed to meet the requirements of the Single Audit Act Amendments of 1996 and Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principals, and Audit Requirements for Federal Awards (Uniform Guidance). The Act requires the independent auditors not only to report on the fair presentation of the financial statements, but also on the County's compliance with requirements that could have a direct and material effect on each of its major federal programs and internal control over program compliance. The Single Audit Report is not included in the audited financial statements but may be obtained upon request to the County Comptroller's Office.

U.S. GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

Report Structure

The 2017 Comprehensive Annual Financial Report is comprised of the following three basic sections in conformance with recommendations of the Government Finance Officers Association:

- A. The <u>Introductory Section</u> is intended to familiarize the reader with the organizational structure of the County, the nature and scope of the services that it provides, and the specifics of its legal operating environment.
- B. The <u>Financial Section</u> includes the independent auditor's report, Management's Discussion and Analysis of the County's overall financial position and results of operations, the audited basic financial statements, notes disclosures, and supporting statements and schedules to provide the reader with a comprehensive understanding of the County's financial activities for the past fiscal year.
- C. The <u>Statistical and Economic Data Section</u> presents comprehensive demographic and economic information regarding the financial condition of the County.

Profile of the County

Government Structure

The County is a municipal corporation established in New York State. The County was incorporated in 1806, and is governed by the Charter of the County of Broome, New York State County Law, and other general laws of the State of New York. The fifteen-member County Legislature is the legislative body responsible for the overall operation of the County, enacting County law and approving the County budget. It consists of elected officials from each of the fifteen legislative districts in the County serving two year terms. The County Executive, elected to a four-year term, serves as Chief Executive Officer and is responsible for County operations and developing the County budget. The Director of the Office of Management and Budget, appointed by the County Executive and confirmed by the County Legislature, serves as the Chief Fiscal Officer of the County.

The County provides a variety of services to its residents. Public health is promoted through the programs provided by the County's Health and Mental Health departments. These include the health clinics, food subsidies provided to women and children through the Women, Infants, and Children Program (WIC) as well as the inspections of public water supplies. Sheriff's Office, District Attorney's Office, and Office of Emergency Services provide for the public safety through patrols, arrests and prosecution of criminals as well as emergency planning. Public welfare is enhanced through the programs of Social Services and the Office for Aging including temporary assistance to needy families, social services administration, home emergency assistance, and Meals on Wheels. The Department of Public Works builds, repairs, and maintains the County's roads and public facilities.

The County, with a land area of approximately 710 square miles, is situated in the central southern portion of upstate New York commonly referred to as the Southern Tier. The City of Binghamton is the County seat and is situated in the southern portion of the County. The City of Syracuse is 75 miles to the north and the Pennsylvania border is seven miles to the south. Binghamton is part of a metropolitan area running along the Susquehanna River Valley including the incorporated villages of Johnson City and Endicott, and the unincorporated area of Vestal. According to the U. S. Census Bureau in 2010, the County's population was estimated to be 200,600. Broome County is classified as an urban county.

Reporting Entity

The financial reporting entity for the County includes all organizations, functions and activities for which elected and appointed officials have financial accountability, or without the inclusion of, would render the County's financial statements incomplete or misleading. Oversight responsibility is based on financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters.

The reporting entity has been defined to include all chartered departments of the County by which the following basic services are supplied: law enforcement, economic assistance, health and mental health services, maintenance of County roads, economic development, general administration, recreation, culture, transportation, solid waste disposal, and long-term care.

Also, included in the reporting entity are SUNY Broome, the Broome County Industrial Development Agency, the Broome County Soil & Water Conservation District, the Broome Tobacco Asset Securitization Corporation (BTASC), the Broome County Land Bank Corporation (LBC), and the Broome County Local Development Corporation (LDC). Information on all six of these legally separate entities can be found in Note 1, Section A, to the financial statements.

Budget Process and Controls

The County budget is the foundation for the County's financial planning and control. County departments and the Director of the Office of Management & Budget develop the County Executive's proposal to be sent to the County Legislature. On or before September 15 the County Executive submits the proposed operating budget and a six-year Capital Improvement Program to the Legislature for approval. Public hearings are conducted by the Legislature and County Executive to obtain public comment on the proposed budget. The County Executive has the power to veto any modification made by the Legislature. An Executive veto can be overridden by a two-thirds vote of the Legislature. On or before November 25 the annual budget is completed by adoption of an appropriation resolution; the legal authority for enactment of the budget.

After the budget is adopted, appropriations and estimated revenues are posted into an automated accounting system. An electronic review for available appropriations is performed prior to expenditures being incurred.

The legal level of budgetary control is at the character level within department level. A character is a grouping of similar appropriation/expenditure accounts. The County Charter prohibits expenditures for which there is no legal appropriation.

Monthly information detailing expenditures, revenues, and encumbrance activity is produced. A comparison of budget to actual information is included. Budget transfers from one appropriation account to another are made when needed. The transfer must be approved by formal Legislative resolution if the total of an administrative unit's budget is changed or salary appropriations are impacted, otherwise, the transfer is approved by the Director of the Office of Management & Budget.

Additional information on the County budget controls can be found in Note 1, Section F of the financial statements.

Non-major Governmental Funds of the County

The County's non-major governmental funds consist of the special revenue funds which include the County Road, County Road Machinery, Library, Arena, Office for Employment and Training and En-Joie Golf Course.

County of Broome Condensed Schedule of Revenues and Expenditures Non-major Governmental Funds Year Ended December 31 (in millions of dollars)

	201 Amo		Percent of Total	016 10unt	Perce of To		(Dec	rease crease) n 2016

Total	64.1	100	59.6	100	\$	4.5
Increase/(Decrease) in Net Position	\$ (4.0)		\$ (1.2)			

Net position decreased by \$4.0 million.

In Fleet Management, Central Kitchen, Health Insurance and Insurance Reserve Funds, there were decreases of \$0.1 million, \$0.9 million, \$2.1 million and \$1.0 million respectively.

Factors Affecting Financial Condition

Local Economy

Broome County's economic development resources provide various financing and tax abatement programs to new, expanding and relocating businesses and a variety of technology related research and development opportunities.

The Broome County Industrial Development Agency (BCIDA), assists businesses in planning new facilities or the expansion of an existing one. The BCIDA assists with financing and facilitate Payment In lieu of Tax (PILOT) agreements with local municipalities. Under a PILOT agreement, municipalities abate certain percentage of a company's taxes for a specific period.

The BCIDA owns the Broome Corporate Park, a 600-acre mixed-use business park located in the southern portion of the County. The park is immediately adjacent to Interstate Route 81 and rail service is available (Canadian/Pacific and Delaware & Hudson).

Several joint initiatives between local industry and Binghamton University's Watson School of Engineering have contributed to the advancement of local industrial development. The Integrated Electronics Engineering Center (IEEC), a New York State Center for Advanced Technology, works in conjunction with Universal Instruments Corporation, IBM Microelectronics and Lockheed Martin to provide leading-edge research in the electronics industry.

The Strategic Partnership for Industrial Resurgence (SPIR) assists small manufacturers in developing new products and defense manufacturers in diversifying their product lines.

Broome County continues to foster a diverse base of high technology, manufacturing, and institutional employers. The local unemployment rate is slightly higher to federal and state figures.

Broome County has an active Workforce Development program that provides training and education for people in need of skill upgrades to obtain employment and those who are currently employed and need additional training to enhance their skill level. The Broome-Tioga Workforce Development Program has consolidated many of the services job seekers use to search for employment and develop the skills necessary to re-train for new career opportunities.

County residents have a variety of recreational and leisure activities available, including the Binghamton Devils American Hockey League team during the fall and winter months. Affiliated with the New Jersey Devils, the Binghamton Devils are home in the Floyd L. Maines Veterans' Memorial Arena. During the spring and summer months, the County is also home to the Binghamton Rumble Ponies, an Eastern League professional baseball franchise affiliated with the New York Mets. The Rumble Ponies play at NYSEG Stadium located in the heart of downtown Binghamton.

The 33rd Annual Spiedie Fest & Balloon Rally, the Broome County Parks Triathlon and the wintertime Almost-Annual Crappie Derby are a few of the special events held at the Broome County Parks during the year. Otsiningo Park was the site for over 20 run/walks for different awareness and local groups in the county. Nature trails at five county parks participates in the Wegman's "Passport to Family Wellness" program. Free summertime "Broome Bands Together" concerts brought 8 concerts to Otsiningo Park in 2017. Softball fields, soccer fields, and sand volleyball courts are available for organized teams and public use.

Annual sporting events include the Dick's Sporting Goods Open, a PGA Champion's Tour Stop. The event is played in August at the En-Joie Golf Course in Endicott, New York.

The Levene, Gouldin & Thompson Tennis Challenger Tournament features players ranked in the top 20 in the world. The event is held annually at Recreation Park in the historic west side neighborhood of Binghamton.

The NYSPHSAA Boys Basketball Championships is held at the Floyd L. Maines Memorial Arena in March. There is also the New York Cup Gymnastics Invitational for gymnasts from across the Northeast and Canada in February.

The County has six restored carousels in local parks throughout the area. Donated by local entrepreneurs in the 1920's and 30's, the carousels have been carefully restored to their original grandeur. They are a popular attraction for local and national organizations interested in their preservation and history.

A variety of other cultural centers and attractions exist in Broome County, including several performing arts centers, the country's fifth oldest zoo, a space observatory and several museums.

Debt Administration and Long-term Financial Planning

Under New York State law, the County's bonded debt issuances are subject to a constitutional tax limit based on 7% of the average full valuation of real property for the last five years. The County's net outstanding indebtedness on December 31, 2017 was 19.4% of its constitutional debt limit. This represents an increase from the County's outstanding indebtedness of 18.9% at the end of 2016.

In December 2013, the Moody's Rating Report upgraded the County's outstanding general obligation bond rating from an A2- rating to an A2 rating with no outlook. In April 2014, Standard & Poor's upgraded the County's outstanding general obligation bond rating to A+ stable from a previous "A" rating. Both ratings were re-affirmed in January 2017 and April 2016, respectively.

The County Executive has proposed and the Legislature has approved future funding of capital projects for maintaining, improving, and modernizing the County's infrastructure as well as the purchase of vehicles and equipment. Work planned to begin in 2018 includes the following projects of \$1.0 million or greater:

- \$ 1.78 million for the purchase of four clean diesel buses for Transit
- \$ 2.50 million for Highway Reconstruction and Rehabilitation of county roads
- \$16.40 million for the design and construction of a general terminal at the Airport
- \$ 1.00 million for a parking revenue control upgrade for Aviation
- \$ 4.85 million for Section V Phase 1 material relocation and construction for the landfill
- \$ 2.80 million for Critical Core Campus rehabilitation at SUNY Broome

New capital projects beginning in 2018 total an estimated \$38.7 million. The County anticipates funding \$10.2 million through the issuance of General Obligation debt. Federal, state, and fees/other sources will fund the remaining balance.

Cash Management and Investments

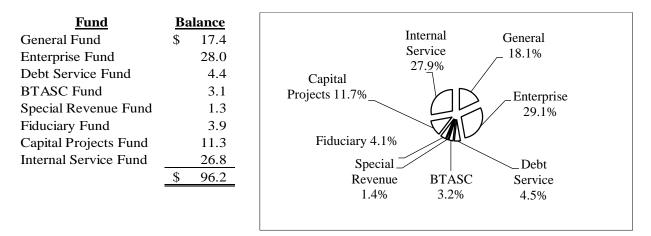

Cash is accounted for based on fund ownership. Most County cash is maintained in a pooled bank account. The County also maintains several other special purpose bank accounts, from which funds are transferred into the pooled account by the Treasury Manager on a regular basis. The bank accounts are interest bearing.

The Treasury Manager uses bank reports daily to monitor cash balances. Idle cash balances are kept at a minimum with any excess funds being invested. Projections of major cash flows are made to determine the investment of funds not immediately required to pay County debts. The Director of the Office of Management & Budget has ultimate responsibility for investing idle funds. County investments include certificates of deposit, money market accounts and treasury bills. Deposits more than FDIC insurance are collateralized by securities purchased in the County's name and held by third party custodians. The custodians adjust the collateral maintained and notify the County of the changes based upon a monthly review. The Office of Management & Budget maintains records verifying collateral balances are sufficient.

Cash, Cash Equivalents Balances (including Restricted Cash) and Investment Balances by Fund, charted by percentages, as of December 31, 2017 (in millions of dollars)

Additional information on the County's cash management can be found in Note 2 to the financial statements.

Risk Financing

The County is self-insured for general liability and property loss. Commercial insurance is purchased for losses more than \$50,000. Payment of claims is provided by annual appropriations based on claim payment experience and recognition of liability amounts.

The County administers a workers' compensation pool. Pool costs are distributed to the fifteen participant municipalities, including the County. Cost allocation is based on the participant's assessed property valuation and claim experience.

The County maintains self-insured health insurance. Health care benefits are financed by County and employee contributions to the plan. The County's contribution, which amounted to approximately \$28.1 million for the year, is determined by rates approved by the County Legislature and based upon advice from plan consultants and the Risk Manager. Rates incorporate experience, fund liabilities and projected reserve level.

The County participates in a self-insured unemployment insurance plan. The New York Department of Labor acts as the third-party administrator.

Additional information on the County's risk management activities can be found in Note 12 to the financial statements.

Pension and Other Postemployment Benefits

Substantially all full-time employees of the County are members of the New York State and Local Retirement System (the "System"). The System is a cost-sharing multiple employer public employee retirement plan. The System is non-contributory with respect to employees hired prior to July 27, 1976. Employees hired after July 27, 1976 must contribute 3% of gross annual salary toward the cost of the retirement program until they attain ten years in the retirement system, at such time the employee contribution ceases.

On December 10, 2009, the Governor signed into law a new Tier 5. The law is effective for new ERS employees hired on or after January 1, 2010. New employees will now contribute 3% of their salaries with no provision for these contributions to cease after a certain period of service. In addition, a new Tier 6 group has also been created. Any employee hired after April 1, 2012 will have scaling contribution rates based on annual salary. From April 1, 2012 until March 31, 2013 all Tier 5 employees contributed 3% of their reportable salaries. Starting April 1, 2013, the Tier 6 contribution rate became dependent upon employee's annual wage. More details are available in Note 10 of this financial statement.

In addition, certain employees of SUNY Broome are members of either the New York State Employees Retirement System or the New York State Teachers Retirement System.

Post-retirement health benefits are provided to qualifying retired County employees with at least ten years of service or those on disability retirement if hired prior to January 1, 2012. Both the County and the College recognizes and funds such expenditures as incurred. During 2017 expenditures were approximately \$12.6 million for County retirees.

Any employee, former employee or elected official first hired or taking office on or after January 1, 2012 would require a cumulative 20 years of full time equivalent employment or service and must have been enrolled in the County's health insurance plan for a cumulative minimum of 10 years with 2 of those years of enrollment immediately preceding their retirement. For purposes of determining eligibility any employee, former employee or elected official who was employed or took office prior to January 1, 2012 and is rehired or takes office after a break in employment or service on or after January 1, 2012 shall not be considered as first hired or taking office after January 1, 2012.

Additional information on the County's pension arrangements and postemployment benefits can be found in Notes 10 and 11 to the financial statements.

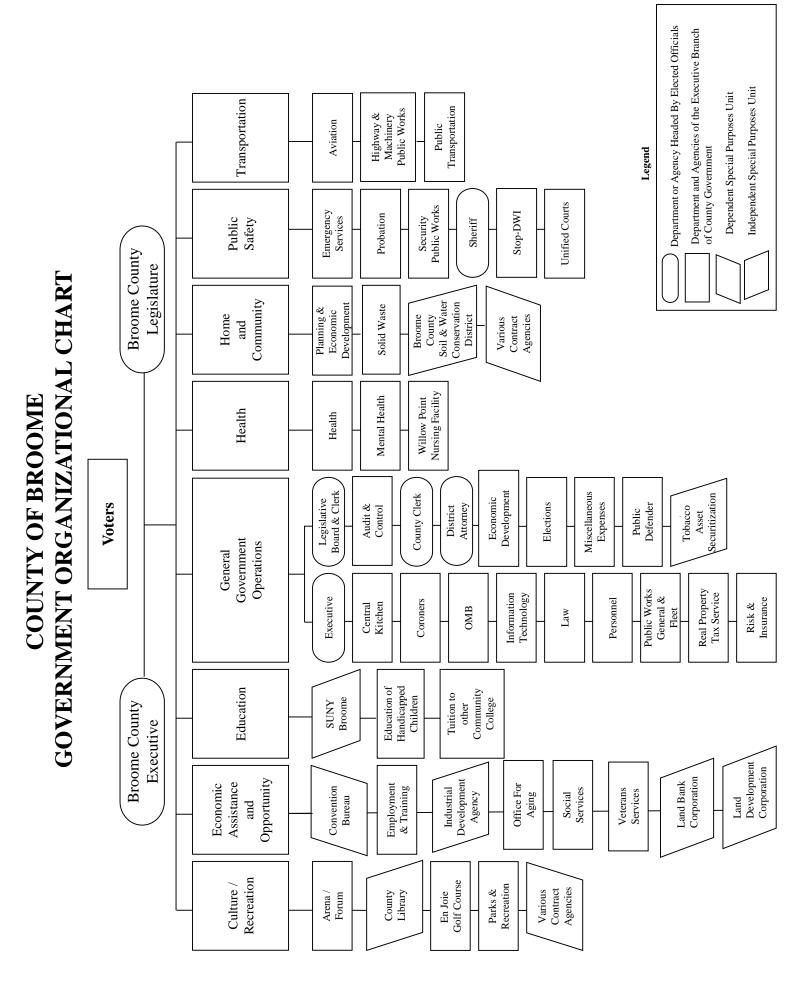

Acknowledgments

Preparation of the Comprehensive Annual Financial Report and its timely issuance is the result of a concentrated, dedicated, and coordinated effort by the Office of Management & Budget staff and financial staff located throughout the County's departments. The preparation of this report would not be possible without each of their efforts.

Respectfully submitted,

INDEPENDENT AUDITORS' REPORT

Broome County Executive Honorable County Comptroller Honorable Members of the County Legislature County of Broome, New York:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Broome, New York (the "County"), as of and for the year ended December 31, 2017 (with the Broome Community College for the year ended August 31, 2017), and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

The County's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Broome Tobacco Asset Securitization Corporation ("BTASC"), which represent 2.1% and 0.6% of the assets and revenues, respectively, of the governmental activities. We did not audit the financial statements of the Broome County Local Development Corporation ("LDC") and the Broome County Land Bank Corporation ("LBC"), which represents 0.1% and 0.3% of the assets, respectively, and 0.0% and 0.7% of revenues, respectively, of the business-type activities. We did not audit the financial statements of SUNY Broome (the "College") and Broome County Industrial Development Agency ("IDA"), which are considered to be discretely presented component units and represent 99.2% and 98.4% of the assets and revenues, respectively, of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the BTASC, LDC, LBC, College, and IDA, is based solely on the reports of such other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County, as of December 31, 2017, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison of the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 23 to the financial statements, the County restated fund balance of its governmental funds and net position of its governmental and business-type activities. Our opinion is not modified with respect to these matters.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and other Required Supplementary Information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The Introductory Section, Supplementary Information,

Other Information and Statistical Section, as listed in the table of contents, are presented for the purpose of additional analysis and are not a required part of the basic financial statements.

The Supplementary Information, as listed in the table of contents, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and the other auditors. In our opinion, the Combining and Individual Fund Financial Statements and Schedules, as listed in the table of contents, are fairly stated in all material respects in relation to the basic financial statements as a whole.

The Introductory Section, Other Information and Statistical Section, as listed in the table of contents, have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Management's Discussion and Analysis (Unaudited) For the Year Ended December 31, 2017

The County of Broome's Financial Section presents Management's Discussion and Analysis (MD&A) on the County's financial performance during the 2017 fiscal year. It is intended to be an easily readable analysis of the financial activities of the County, focusing on the current activities, known facts, and their impact. The results, both positive and negative, are discussed. To properly evaluate the County's position, the MD&A should be read in conjunction with the letter of transmittal, which can be found on pages 3-13 of this report and the basic financial statements and notes to the basic financial statements that directly follow this section. For comparative purposes, certain items from the prior year have been reclassified to conform with the current year presentation.

Financial Highlights

- The County's liabilities and deferred inflows of resources exceeded its assets and deferred outflows of resources at the close of fiscal year 2017 by \$14,201,278 (net position). This amount includes \$7,788,921 that is restricted for specific purposes (restricted net position), \$165,673,207 net investment in capital assets and unrestricted net position of \$(187,663,306).
- The County's total net position decreased during 2017 by \$18,168,525. The governmental activities decrease net position by \$21,816,767 while business-type activities increased net position by \$3,648,242.
- As of December 31, 2017, the County's governmental funds had combined fund balances of \$(18,921,960) a decrease of \$7,529,753 from 2016, as restated.
- The combined assigned and unassigned fund balances for the County's general fund was \$14,069,411 at the end of 2017. This is approximately 3.8% of the total 2017 expenditures for the general fund.

Overview of the Financial Statements

The County's basic financial statements are comprised of three components: (1) government-wide financial statements, (2) fund financial statements, and (3) the accompanying notes to the basic financial statements. The notes further explain and support the basic financial statements. The County presents two types of financial statements with different views of the County.

Government-wide financial statements are the first two statements. These statements are designed to provide readers with a broad overview of the County's finances, in a manner like a private-sector business. These statements present a long-term view of the County's finances. Government-wide presentations use the accrual basis of accounting. Under the accrual basis, revenues are recorded at the time they are earned and expenses are recorded at the time liabilities are incurred.

Both statements differentiate functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from functions that are intended to recover part or all of their costs through user fees and charges (business-type activities). Governmental activities include general government, education, public safety, health, transportation, economic assistance, culture and recreation, and home and community services. The business-type activities include public transportation, the nursing home, solid waste management, and the airport.

The government-wide statements not only include Broome County itself, known as the primary government, but also the legally separate SUNY Broome, Broome Tobacco Asset Securitization Corporation, Broome County Soil & Water Conservation District, the Broome County Industrial Development Agency, the Broome County Land Bank Corporation, and the Broome Country Local Development Corporation for which the County is financially accountable. Financial information for these component units is reported separately (discretely) from the primary government itself. The Broome County Local Development Corporation, although also legally separate meet the GASB requirements for blending and therefore have been included as an integral part (blended) of the primary government.

The statement of net position presents information on all the County assets, liabilities and deferred inflows and outflows of resources, with the difference reported as net position. Net position signify the financial position of the County and over time, increases or decreases may serve as a useful indicator whether the financial position of the County is improving or deteriorating. To assess the overall financial health of the County, it is also necessary to consider non-financial factors such as changes in the property tax base.

The statement of activities presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in future period cash flows (e.g. uncollected taxes and earned but unused vacation and sick leave).

The government-wide financial statements can be found on pages 51-53 of this report.

Fund financial statements focus on the major funds of the County in more detail than the governmentwide financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that are segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related requirements. The County's funds can be divided into three types: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds are used to account for the functions reported as governmental activities in the government-wide statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on near-term inflows and outflows of expendable resources as well as what expendable resources remain to fund future activities. Such information may be useful in evaluating the County's near-term financial requirements.

Because the focus of the governmental funds is narrower than that of the government-wide statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide statements. By doing so, readers may better understand the long-term impact of the County's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison.

The County maintains ten individual governmental funds. Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, capital projects fund, debt service fund and BTASC fund. Data for the other six funds is combined into a single aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements, which are included in the Combining, Individual Fund Financial Statements and Schedules section.

The governmental fund financial statements can be found on pages 54-59 of this report.

Proprietary funds consist of enterprise and internal service funds. The enterprise funds are used to report the same functions presented as business-type activities in the government-wide statements. The Department of Transportation, Willow Point Nursing Home, Solid Waste Management, and Aviation major are enterprise funds. The major enterprise funds are presented separately on the full accrual basis of accounting. Data for the nonmajor enterprise funds is combined into a single aggregated presentation.

Although a type of proprietary fund, the internal service funds provide services primarily to other County departments. They are allocated on the government-wide statements between governmental and business-type activities. They are presented as non-major funds in a single aggregated presentation on the proprietary fund statements. Individual fund data for each of the internal service funds is provided in the form of combining statements, which are included in the Combining, Individual Fund Financial Statements and Schedules.

Proprietary funds statements provide the same type of information as the government-wide statements, only in more detail.

The proprietary fund financial statements can be found on pages 60-63 of this report.

Fiduciary funds are used to account for those resources the County maintains only as a trustee, or fiduciary, for the benefit of others, to whom those resources belong. All the fiduciary funds held by the County are agency funds. Agency funds are purely custodial in nature, involving only the receipt, temporary investment, and remittance of the resources to individuals, private organizations, or other governments. Fiduciary funds held by the County are not reflected in the government-wide statements because the resources of those funds are not available to support the County's own programs.

The fiduciary fund statement of fund net position can be found on page 64 of this report.

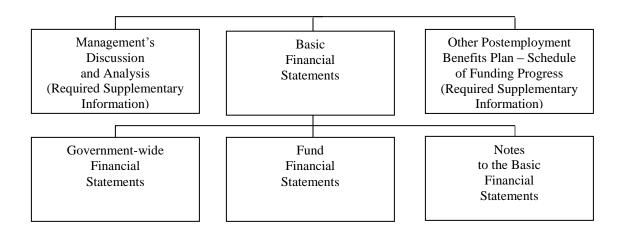

Notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the basic financial statements can be found starting on page 67 of this report.

Combining statements, referred to earlier, are presented as supplementary information and provide information on non-major governmental and internal service funds, and are presented immediately following the notes to the basic financial statements.

Combining and individual fund statements and schedules can be found starting on page 149 of this report.

Components of the basic financial statements

	Major Feature	ajor Features of Broome County's Basic Financial Statements	cial Statements	
			Fund Financial Statements	
Scope	Government-wide <u>Statements</u> Entire county government (except fiduciary funds) and component units.	Governmental Funds County activities funded primarily through taxes and intergovernmental revenues such as Sheriff, Parks, and Public Health.	Proprietary Funds County activities operated similar to private businesses such as Transit.	Fiduciary Funds Activities where the County acts as a trustee or agent for non- county resources, such as mortgage tax held for distribution to municipalities.
Required financial statements	Statement of Net Position Statement of Activities	Balance SheetStatementofRevenues,Expenditures,andChanges inFund Balance	Statement of Revenues, Expenses, and Changes in Net Position Statement of Net Position Statement of Cash Flows	Statement of Fiduciary Net Position
Accounting basis	Accrual	Modified Accrual	Accrual	Accrual
Measurement focus	Economic resources	Current financial resources	Economic resources	Economic resources
Asset/liability information	All assets, liabilities, and deferred inflows/outflows of resources, both financial and capital, and short-term and long-term.	Includes short-term assets, short term liabilities, and deferred inflows/outflows or resources, only. Long-term capital assets and long-term liabilities are not included.	All assets and liabilities, and deferred inflows/outflows of resources, both financial and capital, and short-term and long- term.	All assets and liabilities, both short-term and long-term.
Inflow/outflow information	All revenues and expenses during the year, regardless of when cash is received or disbursed.	Revenues for which cash is received during the year or soon after the end of the year. Expenditures when goods or services have been received and payment is due during the year or soon thereafter except for debt service.	All revenues and expenses during the year, regardless of when cash is received or disbursed.	Because all the County fiduciary funds are agency in nature, revenues and expenses are not recorded.

Government-wide Financial Analysis

County of Broome
Condensed Balance Sheets
Years Ended December 31
(in millions of dollars)

	Governmental <u>Activities</u>		Busine <u>Activ</u>	• •	Total P <u>Gover</u>	•
	2017	2016	2017	2016	2017	2016
Assets and Deferred Outflows						
of Resources						
Current and Other Assets	\$157.6	\$149.4	\$ 39.8	\$ 34.6	\$197.4	\$184.0
Capital Assets	117.1	121.3	122.6	116.7	239.7	238.0
Deferred Outflows of Resources	24.0	50.2	5.9	12.5	29.9	62.7
Total Assets and Deferred Outflow						
of Resources	298.7	320.9	168.3	163.8	467.0	484.7
Liabilities and Deferred Inflows						
of Resources						
Long Term Liabilities	232.1	199.0	67.8	66.0	299.9	265.6
Other Liabilities	137.9	122.0	24.1	24.6	162.0	146.6
Deferred Inflows of Resources	17.7	7.8	1.6	1.9	19.3	9.7
Total Liabilities and Deferred						
Inflow of Resources	387.7	328.8	93.5	92.5	481.2	421.9
Net Position						
Net Investment in Capital Assets	73.2	82.2	92.4	83.9	165.6	166.1
Restricted	7.8	1.8	-	-	7.8	1.8
Unrestricted	(170.0)	(91.9)	(17.6)	(13.2)	(187.6)	(105.1)
Total Net Position	\$(89.0)	\$ (7.9)	\$ 74.8	\$ 70.7	\$(14.2)	\$ 62.8

The largest portion of the County's net position reflects its \$165.6 million investment in capital assets (land, buildings, infrastructure, and equipment), less the outstanding debt used to acquire these assets. The County uses these assets to provide services to citizens, consequently these assets are not available for future spending. Although the County's investment in capital assets are reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets cannot be used to liquidate these liabilities.

An additional portion of the County's net position, \$7.8 million, represents resources that are subject to restrictions on how they may be used either by external entities or by enabling legislation of the County. More detailed information about the County's restricted net position is presented in Note 17 to the financial statements.

The unrestricted net position represents resources that are available for the County's use without a restriction of purpose. The balance at the end of 2017 was \$(187.6) million, a decrease of \$82.5 million.

Net position - ending	\$ (89.0)	\$ (7.9)	\$ 74.8	\$ 70.7	\$ (14.3)	\$ 62.8

The County's net position decreased by \$18.2 million in 2017. Significant changes in revenues and expenses included:

Governmental activities decreased the County's net position by \$21.8 million.

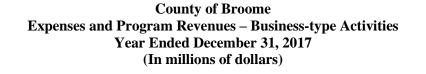

- Other general revenues increased by \$0.5 million in addition to \$0.7 million increase in transfers.
- Overall expenses increased by \$20.5 million for the primary government.

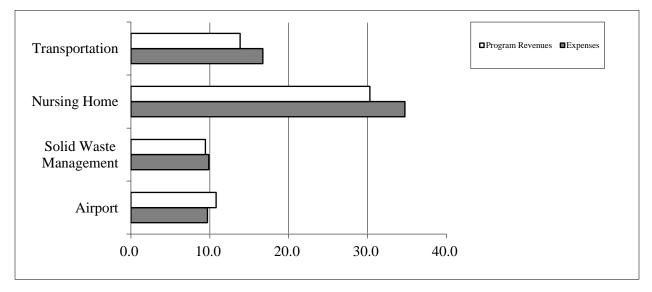

Business-type activities increased the County's net position by \$3.6 million. Significant changes in revenues and expenses include:

- Transportation state and federal aid increased by \$2.5 million, offset by an increase in expenditures of \$0.5 million.
- Willow Point Nursing Home overall state and federal aid decreased by \$2.7 million. There was also an overall decrease in expenses of \$0.9 million.
- Solid Waste Management overall expenses decreased by \$0.1 million in addition to a decrease in overall revenues of \$2.3 million.
- Airport state and federal aid increased by \$5.8 million.

Financial Analysis of the County's Funds

As noted earlier the County uses fund accounting to ensure and demonstrate compliance with financerelated legal requirements.

Governmental funds focus on providing information on near-term inflows and outflows of expendable resources as well as what expendable resources remain to fund future activities. Such information may be useful in evaluating the County's near-term financial requirements. Unreserved fund balance may serve as a useful measure of the County's net resources available for spending at the end of the fiscal year.

At the end of fiscal year 2017 the County's major governmental funds reported combined fund balances of \$(18.9) million, a decrease of \$7.3 million from the prior year, as restated. \$(30.4) million, constitutes assigned and unassigned fund balance, which is available for spending at the County's discretion. The remainder of the fund balance is not available for spending because it is non-spendable, \$3.8 million, or restricted, \$7.7 million.

County of Broome Schedule of Fund Balances Major Governmental Funds December 31 (in millions of dollars)

			Capital		Debt Service BTA		BTASC			
	Gen	eral	<u>Proj</u>	ects	Fu	ind	Fu	ind	To	tal
	2017	2016	2017	2016	2017	2016	2017	2016	2017	2016
Non-spendable:										
Long-term receivables	\$ 2.1	\$ 1.1	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ 2.1	\$ 1.1
Inventory	0.2	-	-	-	-	-	-	-	0.2	1.1
Prepaid expenses	0.8		-	-		-			0.8	-
Total non-spendable	3.1	1.1	-	-	-	-	-	-	3.1	2.2
Restricted:										
Debt service	-	1.7	-	-	4.4	5.3	3.0	3.0	7.5	10.0
Other	0.2	0.3							0.2	0.3
Total restricted	0.2	2.0	-	-	4.4	5.3	3.0	3.0	7.7	10.3
Assigned:										
Encumbrances	6.4	7.1	-	-	-	-	-	-	6.4	7.1
Other	3.6	3.7					0.1	0.1	3.6	3.8
Total assigned	10.0	10.8	-	-	-	-	0.1	0.1	10.0	10.9
Unassigned:										
Fund balance	4.1	0.3	(44.6)	(38.6)		1.5			(40.5)	(36.8)
Total unassigned	4.1	0.3	(44.6)	(38.6)	-	1.5	-	-	(40.5)	(36.8)
Total Fund Balances	\$17.4	\$14.2	\$(44.5)	\$(38.6)	\$4.4	\$6.8	\$3.1	\$3.1	\$(19.7)	\$(13.4)

The general fund is the chief operating fund of the County. At the end of 2017, the unassigned fund balance was \$4.1 million. As a measure of the fund's liquidity it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance represents approximately 1.1% of the total general fund expenditures in 2017.

The capital projects fund has a total fund balance of \$(44.5) million, all of which is unassigned.

The debt service fund has fund balance of \$4.4 million all of which is restricted.

The BTASC fund has a fund balance of \$3.1 million, which \$3.0 million is restricted for debt service.

General fund total fund balance at the end of 2017 was \$17.4 million, an increase of \$0.9 million.

The increase in fund balance is largely due to the additional tax revenue in 2017.

Proprietary funds focus on the same type of information found in the government-wide statements, but in more detail.

Aviation total net position at the end of 2017 was \$46.7 million. \$40.0 million of the net position reflects investment in capital assets, less the outstanding debt used to acquire these assets. The remaining (\$1.3) million is unrestricted.

Net position increased \$3.8 million due to a net change in State and Federal aid.

General Fund Budgetary Fund Highlights

Over the course of the year, supplemental estimated revenues and appropriations totaling \$43.1 million were approved for the acceptance of grant monies from New York State and the federal government and the associated County support and program income. The increases in estimated revenues included state revenues of \$17.8 million, federal revenues of \$18.5 million, County support (transfers) of \$1.9 million and \$4.9 million in program and miscellaneous revenues.

County of Broome Schedule of Expenditures Budget and Actual (Budgetary Basis) General Fund Year Ended December 31, 2017 (In millions of dollars)

Variance

	Final Budget		Actual Amount Budgetary Basis		Variance Positive (Negative)		
Current:							
General government	\$ 32.9	\$	83.7	\$	(50.8)		
Education	15.6		18.4		(2.8)		
Public safety	50.1		49.3		0.8		
Health	6.1		23.2		(17.1)		
Economic assistance	119.2		186.3		(67.1)		
Culture and recreation	2.8		2.8		-		
Home and community services	0.7		2.1		(1.4)		
Debt Service:							
Principal	5.9		5.3		0.6		
Interest	1.6		1.4		0.2		
Capital Outlay	 0.2		0.3		(0.1)		
Total Expenditures	\$ 235.1	\$	372.8	\$	(137.7)		
Other Financing Uses:							
Transfers in	\$ 0.6	\$	0.6	\$	-		
Transfers out	 (15.3)		(14.3)		(0.9)		
Total Other Financing Uses	\$ (14.6)	\$	(13.7)	\$	(0.9)		

The reason for the large variances in General government, Health, and Economic assistance is due to the Final Budget not including the budgets of grant programs that were adopted after the adoption of the General Fund's operating budget.

Capital Asset and Debt Administration

Capital assets investment net of accumulated depreciation of the County totaled \$239.7 million at the end of fiscal year 2017. They include land, buildings, and equipment (highway, landfill, information management, etc.).

County capital assets remained the same overall from year to year.

County of Broome Condensed Schedule of Capital Assets, Net of Depreciation as of December 31 (in millions of dollars)

	Governmental <u>Activities</u>		Busine <u>Activ</u>	• •	<u>Total</u>		
	2017	2016	2017	2016	2017	2016

Total	\$117.1	\$121.3	\$122.6	\$116.7	\$239.7	\$238.0	

The County's capital assets are presented net of accumulated depreciation in the government wide financial statements (and, where applicable, in individual fund statements). Depreciation is calculated for all funds and all asset types using the straight-line method.

More detailed information about the County's capital assets are presented in Note 6 to the basic financial statements.

Long-term Debt of the County, excluding BTASC bonds and accreted interest, at December 31, 2017 was \$58.1 million as compared to \$66.4 million at the end of 2016. This represents a net decrease of 12.5%. The long-term debt is comprised of general obligation bonds.

The County issues debt to fund capital programs. Local Finance Law provides periods of probable usefulness (PPU) for each capital purpose. Debt is usually amortized over the period of probable usefulness. Debt may also be issued in anticipation of State or Federal reimbursement.

County of Broome Condensed Schedule of Outstanding Debt as of December 31st (In millions of dollars)

	Govern	mental	Busine	ss-type		
	Activ	vities	Activ	vities	To	<u>tal</u>
	2017	2016	2017	2016	2017	2016
General obligation bonds	\$ 42.3	\$ 47.8	\$ 15.8	\$ 18.6	\$ 58.1	\$ 66.4
Total	\$ 42.3	\$ 47.8	\$ 15.8	\$ 18.6	\$ 58.1	\$ 66.4

Payments totaling \$8.3 million were made in 2017 on serial bonds issued in previous years \$5.5 million for governmental activities and \$2.8 million for business-type activities.

In December 2013, the Moody's Rating Report upgraded the County's outstanding general obligation bond rating from an A2- rating to an A2 rating with no outlook. In April 2014, Standard & Poor's upgraded the County's outstanding general obligation bond rating to A+ stable from a previous "A" rating. Both ratings were re-affirmed in January 2017 and April 2016, respectively.

New York State statutes limit the amount of the general obligation debt the County may issue to 7% of the average full valuation of its taxable real estate for the most recent five-year period. The current debt limitation for the County is \$672,056,098. The County's current obligations amount to only 19.40% of the allowable debt limitation.

In May of 2017, the County issued \$72,294,000 in bond anticipation notes at par value with an interest rate of 2.5%. The purpose of the notes is to fund various capital programs including the renovation, repair, and enhancement of County buildings, roads, bridges, and other facilities.

In December of 2017, the County issued \$10,000,000 of tax anticipation notes at an interest rate of 2.0%. The purpose of the notes is to provide moneys to meet a cash flow deficit expected to occur during the period the notes are outstanding. More detailed information about the County's long-term liabilities is presented in Note 8 to the financial statements.

Economic Factors and Next Year's Budget and Rates

• The Broome County unemployment rate for 2017 was 5.6%. This is an increase from the 2016 rate of 5.4%. The New York State and national rates were 4.7% and 4.4% respectively.

Contacting the County's Financial Management

This financial report is designed to provide our citizens, taxpayers, and investors with a general overview of the County's finances and to demonstrate the County's accountability for the monies it administers. For questions about this report and requests for additional information, contact the Broome County Office of Management & Budget, Edwin L. Crawford Office Building, P. O. Box 1766, Binghamton, New York, 13902.

Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position of Governmental Activities

December 31, 2017

Total fund balances - governmental funds	\$	(18,921,960)
Capital assets used in governmental activities are not financial resources and therefore not reported in the funds.		116,803,927
Certain of the County's revenues related to tobacco settlement are not available to pay for current period expenditures and are therefore deferred in the funds.		2,700,000
Deferred outflows and inflows of resources related to pension are applicable to future periods and, therefore are not reported in the fund statements. 8,617,556 Deferred outflows related to employer contributions \$ 8,617,556 Deferred outflows related to experience, change of assumption, and investment earnings 15,297,793 Deferred inflows related to pension plans (6,595,832)		17,319,517
Other receivables not currently available are reported as unearned revenues and deferred inflows of resources in the funds.		9,251,488
Internal service funds are used by management to charge the costs of certain activities, such as fleet services and insurances to individual funds. This portion of assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.		11,682,053
Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds ¹	((227,839,242)
Net position of governmental activities	\$	(89,004,217)

¹ Long-term liabilities applicable to the County's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. All liabilities, both current Balances of the long-term liabilities at December 31, 2017 were:

General obligation bonds	\$ 41,804,787
Asset Backed Bonds - BTASC	53,704,510
Compensated absences	9,836,430
Early retirement incentive costs	972,877
Obligations under capital leases	1,395,866
Net OPEB obligation	78,400,716
Due to NYS ERS	2,171,974
Net pension liability	27,007,088
Accrual of interest on long-term debt	1,118,704
Accrual of MBBA fees	5,209
Accrual of MBBA subsidy revenue	(62,570)
Deferral of loss on retirement of debt	(110,311)
Deferral of gain on retirement of debt	11,062,994
Deferral of underwriter's discount expense	(7,579)
Deferral of premium revenue	38,948
Deferral of charge back to SUNY Broome	499,599
Net adjustments	\$ 227,839,242

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balance of Governmental Funds

to the Statement of Activities

For the Year Ended December 31, 2017

Net changes in fund balance - governmental funds	\$ (7,529,753)
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of these assets is allocated over their estimated lives and reported as depreciation expense. This is the amount by which capital outlays (\$8,539,681) were less than depreciation (\$11,385,897).	(2,846,217)
Certain revenues and revenue adjustments related to property taxes in the statement of activities do not provide current financial resources and are not reported as revenues in the funds.	254,071
Tobacco settlement revenues reported in the statement of activities do not provide current financial resources and are not reported as revenues in the funds until collection has occured. This is the amount by which the tobacco settlement revenue accrual decreased from 2016 to 2017.	(400,000)
Net difference between pension contributions recognized on the fund financial statements and the government-wide financial statements are as follows: Direct pension contribution \$ 8,617,556 Cost of benefits earned net of employee contributions (12,388,962)	(3,771,406)
Bonds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of bonds principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. This is the	
amount by which proceeds from bonds and installment purchases exceeded repayments.	6,691,952
Expenses in the statement of activities that do not require the use of current financial resources are not reported as expenditures in governmental funds until due and payable ¹	(10,192,076)
Internal service funds are used by management to charge the costs of certain activities, such as insurance, food service, and automobiles to individual funds. This portion of net revenue of internal service funds is reported with governmental activities.	(4,023,338)
Change in net position of the governmental activities	\$ (21,816,767)

¹ Expenditure increase and decreases resulting from changes to non-fixed asset related long-term liabilities and the loss on the disposition of fixed assets applicable to the County's governmental activities do no represent the use of current financial resources and are not reported as fund expenses. All expenses are reported in the statement of activities. Changes occurring in the fiscal year ended December

31, 2017 were:

Changes in long-term liability	\$ (266,566)
Decrease in early retirement costs	447,941
Increase in compensated absences	9,795,165
Increase in net OPEB obligation	(397,412)
Decrease in Due to NYS ERS	921
Decrease in due from Escrow Agent	507,012
Increase in deferral of charge back to SUNY Broome accrual	10,087,061
Disposition of fixed assets	213,731
Loss on disposal of capital assets	(88,716)
Gifts and donations	(20,000)
Gain on Trade in	105,015
Net adjustments	\$ 10,192,076

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

1. Summary of Significant Accounting Policies

The following summary of significant accounting policies and reporting practices of the County of Broome, New York (the "County") are reflected in the accompanying basic financial statements that have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP), as applied to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for governmental accounting and financial reporting principles.

A. <u>Financial Reporting Entity</u>

The County was incorporated in 1806, and is governed by the Charter of the County of Broome, the County Law, and other general laws of the State of New York. The County Legislature is the legislative body responsible for the overall operation of the County. The County Executive serves as Chief Executive Officer and the Director of the Office of Management & Budget serves as the Chief Fiscal Officer. The County is a municipal corporation established in New York State.

The financial reporting entity includes the primary government and component units. A component unit is either a legally separate organization for which the elected County of Broome officials are financially accountable, or another organization for which the nature and significance of its relationship with the County is such that exclusion would cause the County's basic financial statements to be misleading or incomplete. The primary government has been defined to include all chartered departments of the County.

Based upon the criteria set forth by GASB six component units exist requiring inclusion in the County's basic financial statements.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

1. Summary of Significant Accounting Policies (Continued)

A. Financial Reporting Entity (Continued)

Blended Component Unit

<u>Broome Tobacco Asset Securitization Corporation</u> - The Broome Tobacco Asset Securitization Corporation (the "Corporation") is a special purpose, bankruptcy remote, local development corporation, organized in 2001 under the Not-For-Profit Corporation Law of New York State. The Corporation administers the Tobacco Settlement revenues received by the County under the Master Settlement Agreement and in accordance with the Decree and Final Judgment of the New York State Supreme Court. Operating as an instrumentality of, but separate from the County, the Corporation is included in the County's reporting entity because three of its four directors are officials of the County, and the County can impose its will on the Corporation. The outstanding debt of the corporation is not an obligation of the County.

On July 15, 2001, pursuant to a Purchase and Sale Agreement with the County, the County sold to the Corporation all its future right, title, and interest in the Tobacco Settlement Revenues ("TSRs") under the Master Settlement Agreement ("MSA") and the Decree and Final Judgment (the "Decree").

The MSA resolved cigarette smoking-related litigation between the settling states and the Participating Manufacturers ("PMs"), released the PMs from past and present smoking-related claims, and provides for a continuing release of future smoking-related claims, in exchange for certain payments to be made to the settling states, as well as, among other things, certain tobacco advertising and marketing restrictions. The Decree, which was entered by the Supreme Court of the State, allocated to the County a share of the TSRs under the MSA. The future rights, title, and interest of the County's share were sold to the Corporation.

The Corporation issued serial bonds secured by the future right, title, and interest of the County under the MSA. A residual Certificate representing the entitlement to receive all amounts required to be distributed after the payment of debt service, operating expenses, and certain other costs as set forth in the indenture. Payments on the Residual Certificate from TSR collections are subordinate to payments on the bonds and payment of certain other costs specified in the indenture. Excess TSRs not required by the Corporation to pay

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

1. Summary of Significant Accounting Policies (Continued)

A. <u>Financial Reporting Entity (Continued)</u>

Broome Tobacco Asset Securitization Corporation (continued) various expenses, or required reserves with respect to the bonds are transferred to the Broome County Tax Stabilization Trust (the "Trust") as owner of the Residual Certificate. The County is the beneficial owner of the Trust and thus the funds received by the Trust will ultimately transfer to the County. As of December 31, 2017, there were no excess TSRs transferred to the Trust.

Financial Statements of the Broome Tobacco Asset Securitization Corporation are available from the Corporation at the Edwin L. Crawford Office Building, P O Box 1766, Binghamton, New York, 13902.

<u>Broome County Local Development Corporation</u> - Broome County Local Development Corporation (the "LDC") was established in 2011 and is governed by its Articles of Incorporation, bylaws and general laws of the State of New York. The LDC is a blended component unit of the County's basic financial statements due to the County's ability to influence the decisions of the LDC. The LDC's board of directors is comprised of individuals appointed by the County.

Financial Statements of the Broome County Local Development Corporation are available from the agency at 5 South College Drive, Binghamton, NY 13905

<u>Broome County Land Bank Corporation</u> - The Broome County Land Bank Corporation, (the "LBC") was incorporated June 11, 2013 and is a 501(c)3 public benefit corporation. The mission of the LBC is to foster economic and community development by acquiring, holding, managing, developing and marketing distressed, vacant, abandoned and underutilized properties. The LBC will attempt to stem disinvestment surrounding abandoned properties, secure and remediate abandoned properties, return vacant, abandoned, and tax-delinquent properties to productive use, turn vacant spaces into vibrant spaces, coordinate reuse of flood impacted properties, and promote increased levels of home ownership. The Broome County Legislature acting as the sole Member of the Corporation appoints a board consisting of seven directors. The LBC is operated exclusively for the charitable and public purposes of benefiting and furthering the activities of Broome County.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

A. Financial Reporting Entity (Continued)

Broome County Land Bank Corporation (continued) Financial Statements of the Broome County Land Bank Corporation are available from the agency at Edwin L. Crawford County Office Building, P.O. Box 1766, Binghamton, NY 13902.

Discretely Presented Component Units

<u>SUNY Broome</u> – SUNY Broome (the "College") is a discretely presented as a component unit of the County. The College fiscal year ends August 31st. Since the passage of Local Law Number 8 of 1990, the College has had a substantial degree of operational autonomy. The College is included in the County's reporting entity because of the significant financial relationship with the County. The County is financially accountable for the College. The County appoints five of the nine members on the Board of Trustees, significantly controls operations through its annual appropriation of the sponsor's contribution, and is legally responsible for the issuance and repayment of debt incurred for College purposes.

The College is a two-year college, sponsored by the County and supervised by the State University of New York. The College offers courses leading to an Associate's Degree in 51 fields of study within four general divisions – business and public services division, health sciences division, liberal arts division and science, technologies, engineering & mathematics (STEM) division. The college also offers 22 certificate courses, as well as continuing education courses.

Financial statements of SUNY Broome are available from the College by writing to P.O. Box 1017, Binghamton, New York, 13902.

<u>Broome County Soil & Water Conservation District</u> - The Broome County Soil & Water Conservation District, (the "District") was created by County resolution number 115 of 1944 pursuant to the Broome County Charter and the New York State Municipal Home Rule Law including section 10, paragraph 1 B, sub-paragraph (8). The District provides technical assistance relative to natural resource conservation and water quality to the residents of the County. The assistance, available on an individual basis, includes soil information, drainage, water resources, critical area seeding, tree planting for reforestation, fish stocking, and pond/lake management and protection. The District provides soil classifications data to landowners applying for agricultural exemptions on their property assessments and provides best management practices to farm land operators to reduce soil loss through erosion and to protect water quality within the watersheds in the County. While the District operates autonomously, it is included in the County's reporting entity as a discretely presented component unit because the County appoints all members of the Board of Directors and annually appropriates significant financial support for the District.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

1. Summary of Significant Accounting Policies (Continued)

A. <u>Financial Reporting Entity (Continued)</u>

Broome County Soil & Water Conservation District (continued) Financial Statements of the Broome County Soil & Water Conservation District are filed with the New York State Comptroller's Office and the New York State Soil and Water Conservation Committee. The District's offices are located at 1163 Upper Front Street, Binghamton, NY 13905.

<u>Broome County Industrial Development Agency</u> – The Broome County Industrial Development Agency (the "IDA") is a Public Benefit Corporation created by State legislation to promote the economic welfare, recreation opportunities and prosperity of the County's inhabitants and is included as a discretely presented component unit of the County. Operating autonomously, the IDA is included in the County's reporting entity because the County appoints all members of the Board of Directors and can impose its will on the IDA.

The IDA was established to aid the County in promoting the economic welfare of its inhabitants, through the assistance in constructing, maintaining and equipping industrial, commercial, manufacturing and research facilities, and to develop economically sound commerce and industry through the sale of industrial revenue bonds.

Financial Statements of the Broome County Industrial Development Agency are available from the agency at 5 South College Drive, Binghamton, NY 13905.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

1. Summary of Significant Accounting Policies (Continued)

B. <u>Government-wide and Fund Financial Statements</u>

The government-wide statements, i.e., the statement of net position and the statement of activities report information on all the non-fiduciary activities of the County (primary government) and its component units. Certain eliminations have been made in regards to interfund activities, payables and receivables. All internal balances in the statement of net position have been eliminated except those representing balances between the governmental activities and the business-type activities, which are presented as internal balances and eliminated in the total primary government column. In the statement of activities, internal service fund transactions have been eliminated; however, those transactions between governmental and business-type activities have not been eliminated. Governmental activities are presented separately from business-type activities. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is accountable. Fiduciary funds are excluded because their assets may not be used to finance the County's operations.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenue. Direct expenses are those clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase or use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a function. Tax and other items not properly included among program revenue are presented as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds even though the latter are excluded from the government-wide statements. Major individual governmental funds and major individual proprietary funds are reported as separate columns in the governmental and proprietary fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Measurement focus is the determination of what is expressed in reporting an entity's financial performance and position. A measurement focus is accomplished by considering what resources will be measured and the basis of accounting.

Basis of accounting refers to when revenues, expenditures/expenses, and related assets and liabilities are recognized and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

1. Summary of Significant Accounting Policies (Continued)

C. <u>Measurement Focus</u>, <u>Basis of Accounting</u>, and <u>Financial Statement Presentation</u> (Continued)

Government-wide Statements

Government-wide statements report information about the County (primary government) and its component units. The statements include all the assets, liabilities, deferred outflows and inflows of resources, revenues, and expenses of the County. Fiduciary funds are excluded because their assets may not be used to finance the County's operations. The accounts of the County are grouped into governmental and business-type activities.

Governmental activities account for most of administrative services of the County. These activities are normally supported by taxes and intergovernmental revenues. Activities of this type include executive, legislative, public health, and social services.

Business-type activities account for those activities financed primarily through user fees. Activities of this type include the airport, public transportation (bus system), solid waste management, the nursing home, along with activities related to the LDC and the LBC presented as nonmajor business-type activities.

Government-wide statements are reported using the economic resources measurement focus and the accrual basis of accounting. Under this basis of accounting, revenues are recorded in the period in which they are earned and expenses are recorded in the period in which they are incurred. All assets and liabilities are presented, financial as well as capital, and both short-term and long-term. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

Fund Financial Statements

The accounts of the County are grouped into funds, each of which is considered a separate accounting entity. The financial activity of each fund is accounted for in a separate set of self-balancing accounts that details assets, liabilities, fund balance, revenues, and expenditures or expenses. Some funds are required to be established by New York State law or by bond covenants. The County also establishes funds to control and manage monies.

Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are spent and how spending activities are controlled. The presentation of a fund is based upon whether it is a major or nonmajor fund.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

1. Summary of Significant Accounting Policies (Continued)

C. <u>Measurement Focus</u>, <u>Basis of Accounting</u>, and <u>Financial Statement Presentation</u> (Continued)

The County's major funds are presented separately, while the non-major funds are presented in aggregate. A fund is reported as major when its total assets, liabilities, revenues, or expenditures/expenses are at least 10% of the corresponding total for all funds in that category (either governmental or enterprise) and at least 5% of the corresponding total for all governmental and enterprise funds combined. A fund that does not meet these criteria is presented as major if it is of importance to the financial statement users for reasons such as public interest or consistency.

Governmental fund financial statements are presented using the current financial resource measurement focus and the modified accrual basis of accounting. Revenues are recorded when they are susceptible to accrual, that is, both measurable and available. The County defines available as collectible within the current period, or soon enough thereafter, 365 days for grants and 90 days for all other revenues, to be used to pay liabilities of the current period.

Grants, including State and Federal aid, are recognized as revenue as soon as all eligibility requirements have been met and amounts are considered measurable and available.

Other intergovernmental charges are recognized as soon as the exchange has occurred and the related amounts become available to liquidate liabilities of the current period.

Real property tax revenue is recognized in the year for which the levy is made to the extent that taxes are collected. Taxes become a lien on the related property on the first day of January, of the year levied. Delinquent property taxes at year-end, excluding collections during the sixty-day subsequent period, in accordance with accounting principles generally accepted with the United States of America, are recorded as deferred inflows of resources and are reported net of allowance for doubtful accounts.

Sales tax is accrued as revenue based on the date of the underlying transaction and when the amounts are considered measurable and available.

Interest revenue is recorded on a modified accrual basis when measurable and available.

Expenditures are recorded when incurred, like the accrual basis, except for expenditures for debt service and certain long-term liabilities such as compensated absences and claims and judgments, which are recorded when due and payable. Interest expenditures are recorded when the cash is disbursed.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

1. Summary of Significant Accounting Policies (Continued)

C. <u>Measurement Focus</u>, <u>Basis of Accounting</u>, and <u>Financial Statement Presentation</u> (Continued)

The County reports the following governmental funds:

<u>General Fund (major fund)</u> - The General fund is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund. Services accounted for in the General fund include public health, public safety, and social services and general administrative services such as those provided by the County's Legal Department and Department of Management & Budget.

<u>Capital Projects Fund (major fund)</u> - The Capital Projects fund is used to account for the financial resources of the County allocated for the acquisition or construction of capital assets (other than those financed by the operations of the Proprietary funds, SUNY Broome, the Broome County Industrial Development Agency, the Broome County Soil & Water Conservation District, the Broome Tobacco Asset Securitization Corporation, the Broome County Local Development Corporation).

<u>Debt Service Fund (major fund)</u> – The Debt Service fund is used to account for the financial resources and uses of the County's bond refunding activities.

<u>BTASC Fund (major fund)</u> – The BTASC fund accounts for the financial resources of BTASC, a blended component unit of the government. BTASC issues bonds backed by the County's interests in the MSA in exchange for the County's future rights to a portion of this revenue stream.

<u>Other Governmental Funds</u> - The Other Governmental Funds are the County's nonmajor funds used to account for the proceeds of specific revenue sources (other than capital projects) that are restricted to expenditures for specified purposes or for which separate accounting is required. The County Road, County Road Machinery, Library, the Broome County Veterans Memorial Arena, Office of Employment and Training, and the En-Joie Golf Course are activities accounted for as Special Revenue Funds.

Proprietary fund financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Under this basis of accounting, revenues are recorded in the period in which they are earned and expenses are recorded in the period in which they are incurred. All assets and liabilities are presented, financial as well as capital and both short-term and long-term.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

1. Summary of Significant Accounting Policies (Continued)

C. <u>Measurement Focus</u>, <u>Basis of Accounting</u>, and <u>Financial Statement Presentation</u> (Continued)

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods about a proprietary fund's principal ongoing operations. The principal revenue of the Department of Transportation, Willow Point Nursing Home, Solid Waste Management, Aviation, and the County's internal service funds are charges to customers for sales and services. Operating expenses for enterprise and internal service funds include cost of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition including interest expense are reported as non-operating revenues and expenses.

Net resident service revenue at the Willow Point Nursing Home is reported at the estimated net realized amounts from residents, third party payers and others for services rendered. Revenue under third party payer agreements is subject to audit and retroactive adjustment. Provisions for estimated third party payer settlements are provided in the period the related services are rendered. Differences between the estimated amounts accrued and interim and final settlements are reported in operations in the year of settlement.

The County reports two types of proprietary funds; enterprise funds and internal service funds.

<u>Enterprise Funds</u> - The enterprise funds are used to account for operations that are financed and operated in a manner like private business enterprises where the intent of the County is that the costs, including depreciation, of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

Major enterprise funds include the following:

<u>Department of Transportation Fund</u> - The Department of Transportation Fund is used to account for the activities of the County's fixed route department of transportation system.

<u>Willow Point Nursing Home Fund</u> - The Willow Point Nursing Home Fund is used to account for the activities of the County's nursing home.

<u>Solid Waste Management Fund</u> - The Solid Waste Management Fund is used to account for the recycling and solid waste disposal activities of the County, in section IV of the Colesville Landfill.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

1. Summary of Significant Accounting Policies (Continued)

C. <u>Measurement Focus</u>, <u>Basis of Accounting</u>, and <u>Financial Statement Presentation</u> (Continued)

<u>Aviation Fund</u> - The Aviation Fund is used to account for the activities of the Greater Binghamton Airport.

The County's nonmajor enterprise funds are:

<u>Local Development Corporation</u> – The Local Development Corporation is used to account for the financial transactions of a component unit which promotes local development for the County.

<u>Land Bank Corporation</u> – The Land Bank Corporation is used to account for the financial transactions of a component unit which fosters economic and community development for the County.

<u>Internal Service Funds</u> - The internal service funds are accounted for in a manner like enterprise funds. Unlike enterprise funds, in which the costs of services are financed through user charges, internal service funds generate revenues largely through the charge for services provided to County departments. Depreciation expense is included in rates charged to service users in conformity with GAAP. The inclusion of depreciation generates funds for future capital asset replacement. Net position reflects the accumulation of these amounts. Internal service funds include Fleet Management, Central Kitchen, Health Insurance, Workers' Compensation, Insurance Reserve, and Unemployment Insurance. These funds are presented in the aggregate in the proprietary fund financial statements, and are included in the governmental activities column in the statement of net position.

Fiduciary Fund Financial Statement is used to present the County's only fiduciary fund, agency funds.

<u>Agency Funds</u> - Agency funds are used to account for assets held by the County in a trustee capacity or as an agent for individuals, private organizations, other governmental units and other funds. They are custodial in nature and do not involve measurement of results of operations.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

1. Summary of Significant Accounting Policies (Continued)

D. Elimination of Internal Activity - Government-wide Statements

Eliminations to the statement of activities have been made to remove the "doubling-up" effect of internal service fund activity and similar events. These activities are eliminated so that the expenses are reported only in the function in which they were allocated.

Internal Service Fund activity is eliminated by adjusting the internal charges to a breakeven point. An increase in Internal Service Fund net position would result in a pro rata reduction in the amounts charged to the functions. A decrease in Internal Service Fund net position would result in a pro rata increase in the amounts charged to the functions.

During the course of operations, the government has activity between funds for various purposes. Any residual balances outstanding at year-end are reported as due from/to other funds. While these balances are reported in the fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities column. Further, certain activity occurs during the year involving transfers of resources between funds. In the fund financial statements, these amounts are reported at gross amounts as transfers in/out. While reported in the find financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column.

E. <u>Encumbrances</u>

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded for budgetary control purposes to reserve that portion of the applicable appropriations, is employed in all County governmental funds except the BTASC fund. Outstanding encumbrances at year end, not previously designated as restricted or committed, are presented for GAAP reporting purposes as assigned fund balance and do not constitute expenditures or liabilities because they are commitments not previously presented as restricted or committed. The unexpended encumbrances are brought forward into the next year along with additional appropriations so as not to require the use of the subsequent year's appropriations.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

1. Summary of Significant Accounting Policies (Continued)

F. Budgets and Budgetary Accounting

Annual budgets of the General Fund, Special Revenue Funds, Enterprise Funds and Internal Service Funds are legally adopted and are under formal budgetary control. The individual grant programs related to these funds, the financing for which are entirely or almost entirely from outside sources (federal aid, state aid, etc.), and the individual capital programs of the Capital Projects Fund have budgets adopted at various times of the year based on the program's fiscal year.

Unencumbered appropriations lapse at year-end. Encumbrances outstanding at year-end are reported in the appropriate fund balance classification and are re-appropriated in the ensuing year's budget.

The Capital Projects Fund includes the various capital programs in progress. A capital project's budget is a financial plan for a period longer than one fiscal year.

The following procedures establish the budgetary data reflected in the financial statements:

Original Budget

- 1) Departmental and agency hearings are conducted by the County Executive's Office to review proposed annual budgets submitted by departments and agencies. Final budget information is accumulated by the Director of Office of Management & Budget and submitted to the County Executive.
- 2) On or before September 15, the County Executive submits the proposed budget to the County Legislature, along with a Capital Program for the next six fiscal years.
- 3) A public hearing is conducted by the County Legislature to obtain public comment on the tentative budget.
- 4) Changes made to the budget by the Legislature are returned to the County Executive for review and possible veto. Vetoed items are returned to the Legislature. These vetoes can be overridden by a two-thirds majority vote of the Legislature.
- 5) A second public hearing is held to review changes recommended by the Legislature
- 6) No later than November 25, the annual budget completed by adoption of an appropriation ordinance, which is the legal authority for enactment of the budget. The legal level of budgetary control is character at a department level. Character is a grouping of related expenditure accounts such as contractual and personal services. Budget and actual data at the legal level of budgetary control is not presented in this report due to the excessive detail involved. However, a separate budgetary comparison report is available containing this information.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

1. Summary of Significant Accounting Policies (Continued)

F. Budgets and Budgetary Accounting (Continued)

Budget Modification Process

- 1) Certain annual appropriations are budgeted on a project or program basis. If such projects or programs are not completed at the end of the fiscal year, unexpended appropriations are carried forward to the following fiscal year.
- 2) The County Executive may at any time during the fiscal year transfer part or all any unencumbered appropriation balance between classifications of expenditures within the same administrative unit, if prior approval by resolution of the County Legislature shall be required if the proposed transfer would affect any salary rate or salary total.

The County Executive may request, in writing, that the County Legislature transfer by resolution, part or all any unencumbered appropriation balance from one County administrative unit to another, or from a contingent fund to any administrative unit. No such transfer shall be made from appropriations for debt service, or reduce any appropriation below the amount required by law.

The County Legislature may make emergency appropriations in the event of a public emergency affecting life, health or property. To the extent that there are no legally available unappropriated balances to meet such appropriations, the County Legislature may authorize the issuance of obligations pursuant to the Local Finance Law.

The County's annual budgets are adopted on a basis consistent with GAAP with certain exceptions. The differences between the County's budgetary basis and GAAP require adjustments for the following:

<u>Debt Service</u> - The accounting for debt service payments and contributions to the Community College. The amounts are budgeted as debt service payments and transfers respectively, but the actual expenditures are presented in the education line.

<u>Indirect Costs</u> - The accounting for indirect costs provided by the General Fund to other County funds more than those budgeted. The additional unbudgeted revenue is presented in the General Fund as Intergovernmental charges but is also offset by an equal amount of Transfers out. In the other County funds the unbudgeted costs are presented as functional expenditures in the Governmental Funds and Contractual expenses in the Proprietary Funds but are also offset by an equal amount of Transfers in.

<u>Capital Lease Principal and Interest</u> - The accounting for capital lease principal and interest amounts are budgeted as contractual expenditures in the appropriate expenditure categories. The actual expenditures are presented as principal and interest.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

1. Summary of Significant Accounting Policies (Continued)

F. Budgets and Budgetary Accounting (Continued)

<u>Sales Tax Revenue</u> - Sales tax revenues are budgeted on a net basis but presented on a gross basis. Therefore, equal amounts of sales and use taxes and governmental expenditures representing the portion paid to the municipalities were not budgeted within the general fund.

<u>Non-cash assistance</u> – Non-cash assistance from state and federal agencies is recorded for financial statement purposes but is not budgeted for in the general fund.

<u>Excess of Expenditures Over Appropriations</u> - During the year, the County will receive grants from federal and state agencies. These items are not included within the final budget amount. Accordingly, there are revenues received and corresponding expenditures incurred in excess of the final budgeted amounts. Such excess were noted within the following County functions: general government support, education, health, economic assistance, home and community services and capital outlay.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

1. Summary of Significant Accounting Policies (Continued)

G. Cash, Cash Equivalents and Investments

The focus for the purposes of reporting cash flows is cash and cash equivalents.

Cash and cash equivalents include demand deposits accounts and all highly liquid debt instruments purchased with original maturities of three months or less. The County's cash and cash equivalents include money market accounts and Treasury Bills (See Note 2) and are recorded at original cost.

Investments within the policies referred to in Note 2 with maturities greater than one year are recorded at fair value.

The Director of Office of Management & Budget has the responsibility for investing idle funds. Cash, certificates of deposit, and money market accounts are maintained with commercial banks doing business in the County.

The County follows the practice of pooling cash, cash equivalents and investments of all funds not legally required to be segregated. Interest earned is allocated to the funds based on the average cash balances within these funds and the total interest earnings for the period. Capital project cash generated from the issuance of debt and monies generated for the County's Self-Health Insurance Plan are examples of segregated cash.

The County has a compensating balance agreement with their banking institution, M&T Bank. M&T Bank average required amount of the compensating balance for 2017 was \$12,000,000. By maintaining these cash balances, the County is exempt from bank service charges pertaining to these accounts.

Deposits

New York State Law requires all cash deposits and cash equivalents to be collateralized or insured. Collateral is required for all deposits not covered by the Federal Deposit Insurance Corporation (FDIC). Banking institutions may satisfy collateral requirements by furnishing a letter of credit, surety bond, or pledging eligible securities held by a third party as specified by Section 10 of the New York State Municipal Law.

The New York State Law serves as the County's only policy regarding deposits. All deposits of the County's non-debt service funds, including certificates of deposit and special time deposits, are insured under the provisions of the Federal Deposit Insurance Act. Excess deposits are collateralized. The collateral is held by a third party.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

1. Summary of Significant Accounting Policies (Continued)

G. Cash, Cash Equivalents and Investments (Continued)

Investments

Interest Rate Risk - The County does not have a formal investment policy that limits investment maturities as a means of managing exposure to fair value losses.

The County had the following depository accounts. All deposits are carried at cost plus accrued interest. The County deposit policy requires that all funds be insured or collateralized.

Bank Disclosure Schedules:

1. Summary of Significant Accounting Policies (Continued)

H. <u>Real Property Taxes</u>

County, town, and village operations are primarily funded by real property taxes. School district operations are significantly funded by real property taxes. Delinquent school and village property taxes are returned to the County in November of each year to be re-levied on the next Town and County real property tax bill the following January. The State Legislature has authorized the Broome County Legislature to levy real property taxes for town and county purposes, through various provisions of the Real Property Tax Law including Article 9, entitled the Levy and Collection of Taxes.

<u>Assessment and Levy</u> - All municipalities in the County value real property within their boundaries. The final assessment rolls are complete on the first day of July of each year. The amount of operations to be financed by real property taxes is determined during the budget process for towns and the County. Town budgets are forwarded to the County for use in the preparation of the town and county real property tax bills. The amount of real property taxes to be levied for county operations is distributed across the municipalities within the county based on their proportionate share of taxable full value. The real property tax amounts to be levied for town operations are identified in their adopted budgets. Other items included in the real property tax levy are workers' compensation assessments to municipalities participating in the County's worker's compensation plan pool, real property tax refunds made by the County on behalf of the municipalities, election board costs and returned delinquent school and village real property taxes.

Tax Levy Process

January	Real property tax bills are mailed to taxpayers.
January - March	Town and County real property taxes are collected by the town tax collectors except for the towns of Binghamton, Conklin, Dickinson, Kirkwood, Fenton, Nanticoke and Union, and the City of Binghamton. The County acts as tax collector for these municipalities.
April	Town Tax Collector warrants expire at the end of March. The tax collectors individually settle their warrants with The Director of Office of Management & Budget by April 30. Town Supervisors have received the amount of their tax levy from the collectors by this time. The Director of Office of Management & Budget collects unpaid taxes from April 1 forward.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

1. Summary of Significant Accounting Policies (Continued)

H. <u>Real Property Taxes (Continued)</u>

November	Local municipalities notify the County of the amount of sales tax they elect to apply to the next year's County tax levy. This information is aggregated into a resolution submitted to the County Legislature for approval. It is incorporated in the preparation of the tax warrants and tax bills.
November - December	Assessments for each of the municipal participants in the County Sponsored Workers' Compensation Pool are computed and approved by the County Legislature. The municipalities notify the County whether they will elect to pay the amounts in cash or have the amounts added to the real property tax levy.
November-December	Municipalities are notified of real property tax refunds made by the County on their behalf as well as their share of election board costs. Municipalities notify the County whether they will pay the amounts in cash or have the amounts added to the real property tax levy.
November-December	Unpaid school district and village real property taxes are returned to the County in November. These are re-levied on the next year's town and county real property tax levy. They are recorded as both an asset, property tax receivable, and an offsetting liability in due to other governments on the County's General Fund balance sheet. The unpaid school taxes for the City of Binghamton are not added to the City real property tax levy, they are held for a period after which the real property becomes subject to sale.
December	Equalization rates are calculated by New York State. The County accepts the equalization rates by Legislative approval. Tax warrants are prepared. They are then approved by the County Legislature, and signed by the County Executive before being distributed to municipalities. Tax bills are printed and distributed
	to town tax collectors.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

1. Summary of Significant Accounting Policies (Continued)

H. <u>Real Property Taxes (Continued)</u>

<u>Collection</u> – Real property taxes are collected by the town tax collectors from January 1 through March 31. Town tax collectors settle the warrant with The Director of Office of Management & Budget in April. The County makes collections thereafter. A five percent penalty is added to unpaid items as of April 1, in accordance with ¶936 of the Real Property Tax Law. Interest of 12 percent per annum is added to the returned amount until October, when they become a lien. The redemption period for the taxes is 24 months after the lien date.

Pursuant to County Legislative Resolution 568 of 1996, adopting Local Law 1 of 1996, the Director of Real Property Tax Services is authorized to enter agreements with delinquent taxpayers allowing them to pay such delinquent amounts in installments on a monthly, quarterly, or semiannual basis. Interest is accrued on the delinquent amount at a rate of 12 percent per annum.

I. <u>Due from Other Governments</u>

Due from other governments includes reimbursement claims for various grant-in-aid programs from State and Federal agencies and a receivable from a local municipality to reimburse incurred capital costs.

J. <u>Inventories</u>

Inventories are stated at the lower of cost (first-in, first-out), or market. They are expensed on the consumption method for both the accrual and modified accrual basis of accounting.

K. Other Assets

Other Assets include prepaid expenses and deposits with various local service agencies.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

1. Summary of Significant Accounting Policies (Continued)

L. Capital Assets

Property, equipment, and infrastructure expenses of \$5,000 or greater are capitalized. Expenses of less than \$5,000 are charged to operations as incurred except for the Willow Point Nursing Home which utilizes a \$500 or greater threshold for the amortization of capital assets. All property, equipment, and infrastructure expenses of the Nursing Home are capitalized. Purchased capital assets are reported at historical cost and donated capital assets are reported at the fair value at the time of donation. Additional expenditures occurring after the asset has been placed into service which will increase its useful life or capacity (betterment) will be capitalized. Simple maintenance expenditures will be expensed. Interest on debt issued for business-type activities and proprietary fund capital assets is capitalized for assets being constructed (i.e., buildings) only and not for direct purchases (i.e., automobiles). Depreciation is calculated using the straight-line method over the following estimated useful lives:

Asset	Estimated Life (Years)
Bridges	25
Buildings	20
Improvements	20
Roads	20
Full Size Transit Coaches	12
Construction Vehicles	10
Landfill Equipment	5
Police Interceptors	3
Other Vehicles	5

M. <u>Compensated Absences - Government-wide Statements</u>

Vacation benefits and sick leave compensation are earned and accumulated by County employees pursuant to bargaining agreements and employment contracts. For certain bargaining units, employees are paid for unused vacation and sick time earned at termination. An accrual of unpaid vacation and sick time costs, including social security expenses is recorded as an accrued liability in the government-wide statements.

- 1. <u>Governmental Fund Types Compensated Absences Fund Financial Statements</u> -Liabilities for compensated absences are recorded when due and payable.
- 2. <u>Proprietary Fund Types Compensated Absences Fund Financial Statements</u> -Total unpaid earned vacation and sick time costs, including social security expenses, are reflected as liabilities in the Proprietary Fund Types fund financial statements in the same manner as the government-wide statements.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

1. Summary of Significant Accounting Policies (Continued)

N. <u>Net Position and Fund Balance Classifications</u>

Government-wide Statements

Net position is displayed in three components:

- a. Net investment in capital assets capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.
- b. Restricted net position net position with constraints placed on the use either by (1) external groups such as creditors (such as through debt covenants), grantors, contributors or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position all other net position that do not meet the definition of "restricted" or "net investment in capital assets" and are deemed to be available for general use by the County.

Fund Statements

Classifications of fund balance reflect spending constraints on resources, rather than availability for appropriation to provide users more consistent and understandable information about a fund's net resources. Constraints are broken down into five different classifications: nonspendable, restricted, committed, assigned and unassigned. The classifications serve to inform readers of the financial statements of the extent to which the government is bound to honor constraints on the specific purposes for which resources in a fund can be spent.

In the fund, financial statements the five classifications of fund balance are defined as:

- a. Nonspendable fund balance Includes amounts that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact.
- b. Restricted Includes amounts with constraints placed on the use of resources either externally imposed by creditors, grantors, contributors or laws or regulations of other governments; or imposed by law through constitutional provisions or enabling legislation.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

1. Summary of Significant Accounting Policies (Continued)

N. <u>Net Position and Fund Balance Classifications (Continued)</u>

- c. Committed Includes amounts that can only be used for the specific purposes pursuant to constraints imposed by formal action of the County's highest level of decision making authority, the Legislature.
- d. Assigned Includes amounts that are constrained by the County's intent to be used for specific purposes, but are neither restricted nor committed. Any remaining fund balance amounts for funds other than the general fund are classified as assigned fund balance. The Legislature is the official authorized body to assign amounts for a specific purpose.
- e. Unassigned Includes remaining fund balance that do not meet the definition of the above four classifications and are deemed to be available for general use by the County. Any special revenue funds that have a remaining deficit after the non-spendable, restricted and committed classifications have been recorded must reflect the deficit as unassigned.

Proprietary net position is classified the same as in the government-wide statements.

Order of Use of Fund Balance

The County's policy is to apply expenditures first against nonspendable fund balance, restricted fund balance, committed fund balance, assigned fund balance and then unassigned fund balance at the end of the fiscal year. For all funds, nonspendable fund balances are determined first and then restricted fund balances for specific purposes are determined. In the General Fund, committed fund balance is determined next and then assigned. The remaining amounts are reported as unassigned.

O. <u>Interfund Activity</u>

Interfund transfers are generally recorded as transfers in or out of a fund. Charges for services and costs paid for services acquired are recorded as revenues of the supplier fund and expenses / expenditures of the consumer fund. Unbilled costs and unpaid invoices are recognized as interfund receivables and payables at the end of the fiscal year. See Footnote 14 for additional details.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

1. Summary of Significant Accounting Policies (Continued)

P. <u>Program Revenues</u>

Program revenues are presented on the statement of activities in government-wide statements. These are revenues derived directly from the program itself or from parties outside the reporting government's taxpayers or citizenry. They reduce the net cost of the function to be financed by the County's general revenues. They are reported in three categories.

- 1. <u>Charges for Services</u> includes revenues based on exchange or exchange-like transactions. These revenues arise from those who purchase, use or directly benefit from the goods, services or privileges provided. Revenues in this category include fees charged for specific services such as mental health fees and public health fees, licenses and permits such as pistol permits, fines and forfeitures assessed such as Stop DWI fines and forfeited bail.
- 2. <u>Operating Grants and Contributions</u> includes revenues arising from mandatory and voluntary non-exchange transactions with other governments, organizations, or individuals that are restricted for use in a program for other than capital purposes. Revenues in this category include state and federal aid for programs like Temporary Assistance for Needy Families, Services for Recipients, Social Services Administration and Employment and Training.
- 3. <u>Capital Grants and Contributions</u> includes revenues arising from mandatory and voluntary non-exchange transactions with other governments, organizations, or individuals that are restricted for use in a capital program.

Q. <u>Use of Estimates</u>

The preparation of basic financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingencies at the date of the financial statement, and the revenues and expenditures, or expenses, during the reporting period. Actual results could differ from those estimates.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

R. GASB Newly Adopted Accounting Standard

During the year ended December 31, 2017, the County implemented GASB Statements No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68; No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans; No. 80, Blending Requirements for Certain Component Units - an amendment of GASB Statement No. 14; No. 81, Irrevocable Split-Interest Agreements; and No. 82, Pension Issues; an amendment of GASB Statements No. 67, No. 68, and No. 73, effective for the year ending December 31, 2017. GASB statement No. 73 improves the usefulness of information about pensions included in the general purpose external financial reports of state and local governments for making decisions and assessing accountability. GASB statement No. 74 improves the usefulness of information about postemployment benefits other than pensions (other postemployment benefits or OPEB) included in the general purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability. GASB statement No. 80 improves financial reporting by clarifying the financial statement presentation requirements for certain component units. GASB statement No. 81 improves accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement. GASB statement No. 82 addresses certain issues that have been raised with respect to Statements No. 67, Financial Reporting for Pension Plans, No. 68, Accounting and Financial Reporting for Pensions, and No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68. Except for the item discussed in footnote 23, related to GASB Statement No. 80, GASB Statement Nos. 73, 74, 81, and 82 did not have a material impact on the County's financial position or results from operations.

2. Cash, Cash Equivalents and Investments (Continued)

The County's investment policies are governed by the State of New York which authorizes the investments in:

- Time deposits, certificates of deposit, and money market accounts with various commercial banks
- Repurchase agreements with various commercial banks and investment firms as approved by the New York State Comptroller
- Obligations of the United State Government
- Obligations of New York State, and its various municipal subdivisions

3. Allowance for Uncollectible Amounts

The County's receivables, including component units, are presented net of allowances for uncollectible amounts. The governmental activities and general fund allowance for doubtful amounts presented below relate solely to property taxes. The Proprietary Fund Types are comprised for Willow Point Nursing Home of private patient billings of \$3.3 million and Medicare/Medicaid patient billings of \$1.1 million. The SUNY Broome data presented below is related to tuition fees and the IDA figures are comprised of notes receivable. The amounts of these allowances at December 31, 2017, are as follows:

		Governmental Fund Types				Proprietary Fund Types				Discretely Presented Component Units	
	vernmental Activities	G	eneral	Business -type Activities	V	olid Vaste agement	Willow Point <u>Nursing H</u>		Aviation	SUNY Broome

Unearned Revenues	6,659,378	ı	ı					6,659,378		'	ı			'	'	ı
Restricted Fund Balance								273,291		'	ı			,	'	
Total	\$ 9,428,518	\$ 11,230,712	\$ 4,423,638 \$	ŝ	3,026,570	\$ 608,0	76 \$	\$ 28,717,514	s	1,448,949	\$ 1,725,759	\$ 1,152,601	1 \$ 2,508,445	8,445 \$	14,984	\$ 6,850,738

Amounts restricted by bond indentures for debt service represent unexpended proceeds of borrowings on completed capital projects and interest earned from the investment of debt proceeds which will be used to reduce future debt service.

Amounts restricted for capital projects represent funds related to unspent debt proceeds within the capital projects and proprietary funds.

Amounts restricted for grant programs and unearned revenues represent monies, receivables, and prepaid expenses related to the County's federal and state grants.

Finally, the County also restricts cash to account for restricted fund balance related to the County's tax stabilization.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

5. Sales Tax

The County is authorized to impose a sales tax pursuant to Articles 28 and 29 of New York State Tax Law. The sales tax rate within Broome County is eight percent. Of the 8% the County share is 4%. The remaining 4% is the State sales and compensating use tax. Sales tax collections are administered by the New York State Commissioner of Taxation and Finance. The amount of sales tax collections made by the State Commissioner is remitted to the County of Broome after deducting the State Commissioner's administrative expenses. Remittances to the County are made twice each month except for the months of June and December in which there are three.

Of the 4% County sales tax, the County retains 1% and shares the remaining 3% with the local municipalities within the County. 50.0% is distributed to municipalities while 50.0% is retained by the County. Using 2010 Federal Census figures, distributions to municipalities are made quarterly in January, April, July, and October based on their proportionate share of population. For towns containing villages a further proration is made based on the town and village populations. Amounts due to the local municipalities of \$5,921,830 as of December 31, 2017, are included in Due to other governments in the general fund.

Sales tax receipts on sales made in 2017 totaled approximately \$126.0 million of which approximately \$78.7 million was retained by the County pursuant to local legislative enactments. The remaining amounts were distributed. The distributions totaled:

County Towns	\$ 28.3 million
County Villages	\$ 7.8 million
City of Binghamton	\$ 11.2 million

New York State periodically audits its distribution of sales tax revenues to counties throughout the state, although the County has never been so audited. Subsequent revisions to the revenues recorded as of December 31, 2017, if any, would be recorded in the year that they are calculated.

7. Short-term Liabilities

The County redeemed bond and tax anticipation notes in 2017, and issued tax anticipation notes to meet cash management objectives. Short-term debt activity for the year ended December 31, 2017 is as follows:

	Beginning			Ending
	Balance	Issued	Redeemed	Balance
Tax Anticipation Note	\$ 10,000,000	\$ 10,000,000	\$ (10,000,000)	\$ 10,000,000
Bond Anticipation Notes (BAN)	59,620,000	72,294,000	(59,620,000)	72,294,000
	\$ 69,620,000	\$ 82,294,000	\$ (69,620,000)	\$ 82,294,000

The BANs were issued to redeem \$50,018,439 of the \$59,620,000 of BANs outstanding, which matured on May 5, 2017 and provide \$22,275,561 of new money for various projects throughout the County.

8. Long-term Liabilities

This footnote contains several tables providing information on the County's long-term liabilities for the year ending December 31, 2017. The presentation includes governmental activities, business-type activities, and discretely presented component unit information for long-term debt obligations.

There are restrictions contained in the various bond indentures. Management believes that the County is following all such restrictions.

Other Long-term Liabilities

In addition to long-term debt obligations, the County incurs a variety of other long-term liabilities. Long-term liabilities of this kind related to governmental funds have been typically liquidated in prior years using resources of the General and Other Governmental Funds. Descriptions of these liabilities are as follows:

<u>Early Retirement Incentive</u> – This amount represents health insurance costs that the County will incur for retirees, up to a capped amount. These benefits were part of early retirement packages offered in 2011, 2012 and again in 2013. No early retirement incentives were offered in 2017.

<u>Landfill Capping</u> - This account shows the future costs associated with the capping and long-term maintenance of the County's Nanticoke Landfill. Estimated capping and long-term maintenance costs associated with Sections II and III of the Nanticoke Landfill are included in the business-type activities and the Solid Waste Management Fund. Capping and long-term maintenance costs are components of the tipping fee. See Note 16 for further discussion.

<u>Workers' Compensation</u> - This amount represents the discounted value of all outstanding workers' compensation claims including incurred but not reported claims.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

8. Long-term Liabilities (Continued)

<u>Compensated Absences</u> - This account presents the value of vested vacation and sick time.

Liability and Casualty Claims - This amount represents the value of all outstanding liability claims.

<u>Obligations Under Capital Leases</u> - This account represents the capital lease obligations. The County has various lease agreements for buildings and equipment that have been determined to be capital leases. Accordingly, the leases have been recorded as capital assets at an amount equal to the present value of the minimum lease payments at the inception of the lease. Assets acquired under capital leases are recorded as capital assets in the government-wide financial statements; additionally, those associated with the proprietary funds are reported in the fund financial statements.

<u>Due to NYS ERS—Chapter 57</u> – This liability represents was the result of the enactment of Chapter 57 of the Law of 2010 of the State of New York to allow the amortization of a portion of the County's retirement bill for 10 years in accordance with certain stipulations, which are partially discussed in Note 10.

<u>OPEB Obligation</u>—As explained in Note 11, the County provides a portion of health care benefits for retirees. The County's annual OPEB cost is calculated based on the annual required contributions of the employer, an amount determined in accordance with the parameters of GASB. The Nursing Home's long-term OPEB obligation is estimated to be \$80,335,618 and \$6,548,700 at December 31, 2017 for governmental and business-type activities, respectively.

<u>Net Pension Liability</u>—The County reports a liability for its proportionate share of the net pension liability for the Employees' Retirement System. More information on the net pension liability is presented in Note 10.

<u>Other Non-Current Liabilities</u> - This represents resident monies held in a fiduciary capacity by the Willow Point Nursing Home presented as a non-current liability on a demand basis.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Long-term Debt Obligations (Continued)

County Public Improvement (Serial) Bonds, 2016, Issue 26 aggregating \$22,110,00 was for various property acquisitions, construction and improvement of facilities, construction and/or rehabilitation of roads and bridges and equipment purchases throughout the County. Purposes included serialization of the 2012 certificates of participation advance refunding bond anticipation note (BAN), highway reconstruction, bridge reconstruction, new landfill construction, and partial landfill closure. The issue is subject to federal arbitrage regulations. The remaining installments aggregating \$21,400,000 are at interest rates of 2.000% to 3.000% depending upon maturity are due annually each May as follows:

Year			
Ending	Principal	Interest	Total
2018	\$ 990,000	\$ 496,438	\$ 1,486,438
2019	1,005,000	476,488	1,481,488
2020	1,025,000	456,188	1,481,188
2021	1,045,000	435,488	1,480,488
2022	1,070,000	414,338	1,484,338
2023-2027	5,670,000	1,739,688	7,409,688
2028-2032	6,335,000	1,088,206	7,423,206
2033-2035	4,260,000	194,400	4,454,400
	\$ 21,400,000	\$ 5,301,234	\$ 26,701,234

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

8. Long-term Liabilities (Continued)

Table 4. General Obligation Bonds – BTASC

On November 29, 2005, BTASC, along with twenty-three other counties, created a New York Counties Tobacco Trust V (NYCTT V) to issue \$199,375,348 in aggregate principal Tobacco Settlement Pass-Through Bond Series 2005 with a final maturity value of \$700,630,000. The Series 2005 NYCTT Bonds represent a direct, pass-through interest in corresponding Tobacco Asset Securitization Corporation (TASC) bonds held by NYCTT V and were subordinate to the 2001 Series bonds. The debt is payable from pledged Tobacco Settlement Rights and Investment earnings on amounts on deposit. The Series 2005 Bonds are also payable from certain amounts released from Reserve Accounts upon retirement of the prior bonds. The bonds bear interest at rates ranging from 6.00% to 7.15%. BTASC issued \$16,240,482 in four series (S1, S2, S3, and S4) with a final maturity value of \$62,952,634. During 2017, interest of \$334,863 accreted on these bonds. There are no scheduled principal or interest payments on the Series 2005 bonds outside of their final maturity dates. The 2005 Bonds are subordinate to the 2016 Bonds. During fiscal year 2016, the S-1. S-2 and S-4 series were defeased by the 2016 Bonds.

The Series 2016 Bonds are advance refunding bonds, the proceeds of which were used to currently refund the 2001 Bonds and a portion of the 2005 Bonds. The Bonds are subject to redemption prior to maturity through turbo redemption payments which are to be made from surplus collections on deposit, as provided in the bond indenture. The amounts and timing of the turbo redemption payments are based on projections of future tobacco settlement receipts less amounts needed to satisfy operating requirements. Failure to make such turbo redemption payments will not, however, constitute an event of default.

The refunding transaction resulted in a gain in fiscal year 2016 equivalent to the difference between the carrying amount of bonds refunded (\$62.5 million) and the amount deposited into the irrevocable escrow account (\$51.0 million). This accounting gain on refunding of \$11,476,822 has been recorded as a deferred inflow of resources and will be amortized on a straight-line basis over the life of the 2016 Series A-2 bonds. Amortization for the year ended December 31, 2017 was \$331,062 and is included as a component of interest expense.

In addition to the bond proceeds, BTASC received an exchange premium on the Series A-1 Bonds of \$2,574,502, a premium of \$2,159,140 on the A-2 Bonds. The premiums received on the issuance of the 2016 bonds are included as a component of long-term debt and are amortized on a straight-line basis over the life of the respective debt. Amortization expense for the year ended December 31, 2017 was \$138,827 and is included as a component of interest expense.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

8. Long-term Liabilities (Continued)

Table 4. General Obligation Bonds - BTASC (Continued)

The following is a summary of BTASC's bonds payable for the year ended December 31, 2016:

	Issues Date	Final Maturity	Interest Rate	Balance
2005 Bonds - S3 Series (including accreted interest)	11/2005	6/1/2055	6.850%	\$ 5,144,402
2016 Series A-1 Bonds	9/2016	6/1/2035	5.625%	11,385,000
2016 Series A-1 Bonds	9/2016	6/1/2043	5.750%	12,985,000
2016 Series A-1 Bonds	9/2016	6/1/2045	5.000%	6,560,000
2016 Series A-1 Bonds	9/2016	6/1/2051	5.000%	13,075,000

The Series 2005 Bonds are capital appreciation bonds, upon which the investment return on the investment principal is reinvested at a compounded rate until maturity. There are no scheduled principal and interest payments on these bonds other than their respective maturity dates, at which time a single payment is made representing principal and investment return. The following is a summary of the amount of accretion on the Series 2005 capital appreciation bonds assuming the projected debt service amortization:

	Present Value of		Accreted		Face Value of	
	Principal		Interest		Bond	
2005 Bonds S3 Series	\$	2,276,579	\$	2,867,823	\$	5,144,402

Depending on the extent of actual collections from the TSR payments and availability of funds, BTASC has covenanted to make debt service payments on the Series 2005 Bonds in accordance with a Turbo Redemption Payments schedule that allows for increased payments and a final maturity of June 1, 2029. BTASC's future Turbo Redemption Payments on the Series 2005 Bonds–S3 Series are as follows:

Year	Pres	sent Value of		
Ending		Principal	 Interest	 Total
2028	\$	1,292,656	\$ 4,594,137	\$ 5,886,793
2029		983,923	 3,808,936	 4,792,859
	\$	2,276,579	\$ 8,403,073	\$ 10,679,652

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

8. Long-term Liabilities (Continued)

Table 4. General Obligation Bonds - BTASC (Continued)

BTASC's required principal and interest payments at December 31, 2017 on the Series 2016 Bonds are as follows:

	Projected Debt Service					
Year Ending	Principal	Interest	Total			
2018	\$ 455,000	\$ 2,355,481	\$ 2,810,481			
2019	440,000	2,329,750	2,769,750			
2020	575,000	2,300,569	2,875,569			
2021	605,000	2,266,644	2,871,644			
2022	645,000	2,230,706	2,875,706			
2023-2027	3,825,000	10,542,822	14,367,822			
2028-2032	5,020,000	9,300,782	14,320,782			
2033-2037	6,220,000	7,719,142	13,939,142			
2038-2042	7,670,000	5,734,206	13,404,206			
2043-2047	9,475,000	3,488,125	12,963,125			
2048-2052	9,075,000	933,123	10,008,123			
	\$ 44,005,000	\$ 49,201,350	\$ 93,206,350			

Depending on the extent of actual collections from TSR payments and availability of funds, BTASC has agreed to make principal payments in accordance with a Turbo Redemption payment schedule that allows for increased payments and a final maturity of June 1, 2035 on the Series 2016 Bonds as follows:

	Projected Debt Service						
Year Ending	Principal	Principal Interest					
2018	\$ 1,005,000	\$ 2,324,497	\$ 3,329,497				
2019	1,065,000	2,266,278	3,331,278				
2020	1,585,000	2,191,747	3,776,747				
2021	1,680,000	2,099,919	3,779,919				
2022	1,765,000	2,003,028	3,768,028				
2023-2027	10,585,000	8,338,607	18,923,607				
2028-2032	14,405,000	4,854,125	19,259,125				
2033-2036	11,630,000	933,749	12,563,749				
	\$ 43,720,000	\$ 25,011,950	\$ 68,731,950

2033-2037	1,066,698	48,677	1,115,375
	\$ 15,825,267	\$ 3,530,222	\$ 19,355,489

9. Fund Balance

In the fund financial statements, the five classifications of fund balance are defined as:

- a. Nonspendable fund balance Includes amounts that cannot be spent because they are not in spendable form or are legally or contractually required to be maintained.
- b. Restricted Includes amounts with constraints placed on the use of resources either externally imposed by creditors, grantors, contributors or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.
- c. Committed Includes amounts that can only be used for the specific purposes pursuant to constraints imposed by formal action of the County's legislature, the highest level of decision making authority. As of December 31, 2017, the County reported no committed fund balance.
- d. Assigned Includes amounts that are constrained by the County's intent to be used for specific purposes, but are neither restricted nor committed. Any remaining fund balance amounts for funds other than the general fund are classified as assigned fund balance. The Legislature is the body authorized to assign amounts for a specific purpose.
- e. Unassigned Includes remaining fund balance that do not meet the definition of the above four classifications and are deemed to be available for general use by the County. Any special revenue funds that have a remaining deficit after the non-spendable, restricted and committed classifications have been recorded must reflect the deficit as unassigned.

Proprietary net position is classified the same as in the government-wide statements.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

10. Employee Retirement Systems and Pension Plans

Retirement Plan – Primary Government

Pension Plans

Broome County participates in the New York State and Local Employees' Retirement System (ERS) as well as the Term Life Insurance plan. This is a cost-sharing multiple-employer retirement systems. The System provides retirement benefits as well as death and disability benefits. Obligations of employers and employees to contribute and benefits to employees are governed by the New York State Retirement and Social Security Law (NYSRSSL). As set forth in the NYSRSSL, the Comptroller of the State of New York (Comptroller) serves as sole trustee and administrative head of the Systems. The Comptroller shall adopt and may amend rules and regulations for the administration and transaction of the business of the Systems and for the custody and control of their funds. The System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be found at: http://www.osc.state.ny.us/retire/publications/index.php or obtained by writing to the New York State and Local Retirement Systems, 110 State Street, Albany, NY 12244.

Funding Policy

The System is noncontributory for employees who joined the New York State and Local Employees' Retirement System prior to July 27, 1976, most which are no longer active. After this date, employees contributed 3.0% of their salary for the first ten years of membership. Employees who joined on or after January 1, 2010 generally contribute 3.0% of their salary for the entire length of service. Starting April 1, 2013 all new hires a subject to a scaling contribution rate based on their annual salary. The basis for contributions made is as follows:

	Contribution
Wages	Rate
\$45,000 or less	3.00%
\$45,000.01 to \$55,000	3.50%
\$55,000.01 to \$75,000	4.50%
\$75,000.01 to \$100,000	5.75%
More than \$100,000	6.00%

For the first 3 years of membership Tier 6 employee's contribution rate is based on annual wages. Thereafter, contribution rate is based on what employees earned 2 years prior.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

10. Employee Retirement Systems and Pension Plans (Continued)

Under the authority of the NYSRSSL, the Comptroller annually certifies the actuarially determined rates expressed used in computing the employers' contributions based on salaries paid during the Systems' fiscal year ending March 31.

Chapter 57 of the Laws of 2010 of the State of New York was enacted that allows local employers to amortize a portion of their retirement bill for 10 years in accordance with the following stipulations:

- For State, fiscal year 2010-11, the amount more than the graded rate of 9.5 percent of employees covered pensionable salaries, with the first payment of those pension costs not due until that fiscal year in which amortization was instituted.
- For subsequent State, fiscal years, the graded rate will increase or decrease by up to one percent depending on the gap between the increase or decrease in the System's average rate and the previous graded rate.
- The interest rate will be set annually, and will be comparable to taxable fixed income investments of the similar duration.
- For subsequent State, fiscal years in which the System's average rates are lower than the graded rates, the employer will be required to pay the graded rate. Any additional contributions made will first be used to pay off existing amortizations, and then any excess will be deposited into a reserve account and will be used to offset future increases in contribution rates.

This law requires participating employers to make payments on a current basis while amortizing existing unpaid amounts relating to the System's fiscal years when the local employer opts to participate in the program. The total unpaid liability at the end of December 31, 2017 was \$3,361,851 of which \$613,987 is reported in the Proprietary funds and \$2,227,879 in the Governmental funds. The actual cash payment did not begin until 2017.

Pension Liabilities, Pension Expense, and Deferred Outflows/Inflows of Resources Related to Pensions

At December 31, 2017, the County reported a net pension liability of \$27,007,088 and \$6,548,700 for its proportionate share of the NYSERS net pension liability relating to governmental activities and business-type activities, respectively. The net pension liability was measured as of March 31, 2017, and the total pension liability used to calculate the net pension liability was determined by the actuarial valuation as of that date. The County's proportion of the net pension liability was based on a projection of The County's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined.

At December 31, 2017, the County's proportion was 80.5% and 19.5% for NYSERS net pension liability relating to governmental activities and business-type activities, respectively, which was an increase of .3% and a decrease of .3%, respectively from its proportionate share as measured at March 31, 2017.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

10. Employee Retirement Systems and Pension Plans (Continued)

For the year ended December 31, 2017, the County recognized pension expense of \$14,594,123 and \$3,538,794 for both governmental and business-type activities, respectively. At December 31, 2017, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Governmental Activities	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experiences	\$ 676,772	\$ 4,101,179
Change in assumptions	9,226,611	φ 4 ,101,179 -
Net difference between projected and actual earnings		
on pension plan investments	5,394,410	-
Changes in proportion and differences between the County's		
contributions and proportionate share of contributions	-	2,494,653
Contributions subsequent to the measurement date	8,617,556	
Total	\$23,915,349	\$ 6,595,832

Business-Type Activities	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experiences	\$ 164,104	\$ 994,457
Change in assumptions	2,237,276	-
Net difference between projected and actual earnings		
on pension plan investments	1,308,041	-
Changes in proportion and differences between the County's		
contributions and proportionate share of contributions	-	604,905
Contributions subsequent to the measurement date	2,089,592	
Total	\$ 5,799,012	\$ 1,599,362

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

10. Employee Retirement Systems and Pension Plans (Continued)

\$8,617,556 and \$2,089,592 for governmental activities and business-type activities, respectively, were reported as deferred outflows of resources related to pensions resulting from the County contributions after the measurement date will be recognized as a reduction of the net pension liability in the year ending December 31, 2018. Other amounts reported as deferred outflows of resources related to pensions will be recognized in the pension expense as follows:

Plan's Year Ended March 31:	Governemental Activities	siness-Type Activities
2018	\$ 4,235,743	\$ 1,027,086
2019	4,235,743	1,027,086
2020	4,104,939	995,369
2021	(3,874,464)	 (939,482)
	<u>\$ 8,701,961</u>	\$ 2,110,059

Actuarial Assumptions

The total pension liability at March 31, 2017 was determined by using an actuarial valuation as of April 1, 2016, with update procedures used to roll forward the total pension liability to March 31, 2017. Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of March 31, 2017 are summarized on the following page.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

10. Employee Retirement Systems and Pension Plans (Continued)

	Target	Long-Term
	Allocations	expected real
Asset Type	in %	rate of return in %
Domestic Equity	36	4.60
International Equity	14	6.40
Private Equity	10	7.80
Real Estate	10	5.80
Absolute Return	2	4.00
Opportunistic Portfolio	3	5.90
Real Asset	3	5.50
Bonds & Mortgages	17	1.30
Cash	1	-0.30
Inflation-Indexed Bonds	4	1.50
	100	

Sensitivity of the Proportionate Share of the Net Pension Liability to the Discount Rate Assumption

The following presents the County's proportionate share of the net pension liability calculated using the discount rate of 7.0%, as well as what the County's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage point lower (6.0%) or 1-percentage-point higher (8.0%) than the current rate:

	1%	Current	1%
	Decrease	Discount	Increase
	6.0%	7.0%	8.0%
Proportionate Share of Net Pension liability	\$107,170,537	\$33,555,787	\$ (28,685,344)

Pension Plan Fiduciary Net Position (in thousands)

The components of the current-year net pension liability of the employers as of March 31, 2017 for Employees' Retirement System follow:

Total pension liability	\$ 177,406,930
Net position	(168,004,363)
Net pension liability (asset)	\$ 9,402,567
ERS net position as a percentage of total pension liability	94.70

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

11. Other Postemployment Benefits

Plan Description: The Postemployment Health Care Benefits Plan (PHCBP) provides OPEB to its employees under a multi-employer, self-insured, defined benefit healthcare plan administered by Broome County. The County provides postemployment health care benefits to retired employees with ten years of service qualifying for retirement under the New York State Retirement System or employees on disability retirement. The PHCBP pays claims for medical, pharmaceutical, and hospitalization costs. These payments are subject to deductible and co-payment amounts. The County also reimburses \$28.60, per month, for each retiree eligible for Medicare, retiring before January 1, 1996. The County Legislature determines the PHCBP provisions and participant contributory obligations.

Upon retirement, employees must make a one-time irrevocable election for ordinary, joint survivor, or no insurance coverage. Most retirees electing ordinary coverage contribute 15% of health insurance coverage. Any surviving spouse would then contribute 100% of individual coverage. Retirees electing joint survivor coverage contribute 25% of health insurance coverage. Any surviving spouse would pay 25% of individual coverage. In the event the spouse predeceases the retiree; the retiree would then contribute 15% of the plan cost.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

11. Other Postemployment Benefits (Continued)

Funding Policy: The contribution requirements of the plan members and the County are established on an annual premium equivalent rate calculated by the County based on pay-as-you go financing requirements.

Annual OPEB Cost: The County's annual OPEB cost is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and the amortized amount of any unfunded actuarial accrued liabilities (UAAL) over a period of thirty years. The following table details the components of the County's annual OPEB cost for the year, the amount contributed to the plan, and changes in the County's net OPEB obligation.

A018

		2017
	Br	oome County
Annual Required Contribution	\$	26,229,382
Interest on Net OPEB Obligation		3,877,215
Adjustment to Annual Required Contribution		(5,413,607)
Annual OPEB Cost		24,692,990
Contributions Made		(12,648,874)
Increase in Net OPEB Obligation		12,044,116
Net OPEB Obligation - Beginning of Year		89,958,569
Net OPEB Obligation - End of Year	\$	102,002,685
Percentage of ARC contributed		48.2%

Funding Status and Funding Progress: As of January 1 2017, the most recent actuarial valuation date, the actuarial accrued liability for benefits was \$288.4 million, and there were no plan assets.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of the plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

11. Other Postemployment Benefits (Continued)

Actuarial Methods and Assumptions: Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time each valuation and the historical pattern of sharing benefit costs between the employer and the plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the December 31, 2017, actuarial valuation, the projected unit credit cost method was used. The actuarial assumptions included a 4.3% investment rate of return (net of administrative expenses), which is a rate of the long-term investment return on the County's own investments calculated based on the funded level of the plan at the valuation date, and an annual healthcare cost trend rate of 5.0 % to 10.5 % initially, reduced by decrements to an ultimate rate of 3.89% after 10 years. This rate includes a 2.25% inflation assumption. The UAAL is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at December 31, 2017 is thirty years.

12. Self-Insurance

General Liability

The County has assumed the liability for most risks including, but not limited to, property damage and personal injury liability. The County purchases commercial insurance for its real property, most inland marine, boiler and machinery, and foreclosed properties with a self-retention of \$50,000 per loss.

Other insurance purchased includes employee theft and dishonesty coverage with retention of \$1,000 and a limit of \$5.0 million per claim. The Director of Office of Management & Budget is covered for \$5.0 million. Business interruption protection with an aggregate limit of \$1.85 million is also purchased.

Since 2008 there has been no reduction in insurance coverage and no settlement exceeding the insurance coverage.

Judgments and claims are recorded when it is probable that an asset has been impaired or a liability has been incurred and the amount of loss can be reasonably estimated. All revenues and expenses, including adjustments for non-incremental claim expenses related to the County's General Liability Self-Insurance plan are recorded in an Internal Service Fund. As of December 31, 2017, there were claims of \$3,040,000 accrued.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

12. Self-Insurance (Continued)

Workers' Compensation

The County participates in a self-insurance plan, established to pay claims and judgments for workers' compensation. Effective December 1, 2017, the New York State Workers' Compensation Board released new permanency guideline which may have a positive impact on schedule loss of use awards. There was no reduction in insurance coverage and no settlement exceeded the insurance coverage from 2008 through 2017.

A third-party administrator processes workers' compensation claims under the general supervision of the Department of Risk Management. Medical only claims are directly handled by the Risk Management Department.

In addition to the County, the Plan includes eleven towns and three villages within the County. Funding of the Plan is determined annually and payments are collected by inclusion in the annual tax levy for all participating towns and separately billed to the villages. Local Law 8-1996 requires each participant's assessment to be calculated as follows: 65.0% of the assessment is based upon the ratio of the participant's five year paid claim average to the total five year paid claim average for all participants and 35.0% of the assessment is based upon the ratio of the participant's real property assessed valuation to the total assessed valuation of the County.

The County portion is charged back to departments quarterly. The net cost to the County is included in its annual tax levy. All revenue and expenses related to the Workers' Compensation Self-Insurance Plan have been recorded and presented as an internal service fund. Resolution 2012-326 which amends Local Law 76-8 was approved in 2012 to increase the workers' compensation reserve to \$1,500,000. The reserve balance at December 31, 2017, was at the maximum level. Workers' compensation liability, inclusive of incurred but not reported claims, was \$1,967,050 at December 31, 2017.

A rate of return of 3.0% was used for the liability calculation. Workers' compensation liabilities relating to Enterprise and Internal Service funds are recorded when incurred and presented within the respective funds. These liabilities amounted to \$6,325,125 and \$118,095 respectively at December 31, 2017. The liability related to governmental funds and municipalities other than the County amounting to \$6,638,846 and \$4,507,630 respectively in the Workers' Compensation Fund, an Internal Service fund.

These self-insurance liabilities are presented at their present value and estimated using information on claims provided by the plan's third party administrator. The liability of the County and other participants was determined based upon the amount of the outstanding long-term liability attributable to each. This does not necessarily correspond to the expected future contributions since they are based upon future payroll figures, future assessed real property valuations, and claims incurred. These are not readily determinable at this time.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

12. Self-Insurance (Continued)

Health Insurance

The County offers three health insurance plans to its employees and retirees with at least 20 years of service. All plans are self-insured. There are one HMO and two indemnity plans.

Inflation to health care costs continues to be an issue facing Broome County. In 2017 the Broome County Legislature approved a proposal to enroll the Broome County Health Plan in a collective purchasing arrangement with the incumbent Pharmacy Benefits Management Company. The collective has resulted in an annual savings of 22.0% of net prescription card costs to the County Health Plan. In 2002, a retiree health plan amendment went into effect. The amendment affords the surviving spouses of former employees an opportunity to receive a health benefits premium reduction if they meet income guidelines. As of December 31, 2017, there were 34 surviving spouses with 9 of them approved for the reduced premium. The large reduction is in surviving spouses and is due to the rising cost of the premiums. Simultaneously, a new option for retiring employees to purchase joint/survivor protection for their spouses went into effect.

The liabilities in the Health Insurance Fund, an internal service fund, are based upon individual case estimates for claims incurred but not reported at December 31, 2017. The estimated outstanding claims expected to be liquidated with future financial resources aggregate \$1,303,315 for health claims and \$593,007 for prescription drug costs presented in other current liabilities at December 31, 2017.

Unemployment Insurance

The County participates in a self-insurance plan, established to provide unemployment benefits to terminated County employees. The New York Labor Department acts as the third party administrator, processing the unemployment claims.

The County portion is charged back to departments quarterly. The net cost to the County is included in its annual tax levy. All revenue and expenses related to the Unemployment Insurance have been recorded and are presented as an internal service fund.

The County's self- insurance accrued claims liabilities for the year ended December 31, 2017, were:

	Beg	ginning of Year	Curre	nt Year Claims and	Claim	Ba	lance at Year
	L	iability 2017	Char	nges in Estimates	 Payments		End 2017
Liability and Casualty	\$	2,445,527	\$	2,053,803	\$ (1,459,330)	\$	3,040,000

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

13. Lease Obligations

Capital Leases

The following is a schedule of future minimum lease payments under capital leases together with the net present value of the minimum lease payments as of December 31, 2017.

Year ending December 31,	vernmental Activities	ness-type ctivities	Total
2018	\$ 883,407	\$ 4,459	\$ 887,866
2019	564,222	3,742	567,964
2020	29,493	2,391	31,884
2021	16,856	1,356	18,212
2022	12,722	791	13,513
2023-2027	25,000	-	25,000
2028-2032	25,000	-	25,000
2033-2037	20,000	-	20,000
Minimum lease payments for all capital	 1,576,700	 12,739	 1,589,439
leases			
Less: Amounts representing interest, either as explicitly stated in the lease terms or imputed at the County's incremental			
borrowing rate of interest of 1.29%	180,834	1,801	182,635
Present value of minimum lease payments	\$ 1,395,866	\$ 10,938	\$ 1,406,804

Capital Leases

Future minimum lease payments for the proprietary funds are Willow Point Nursing Home \$2,729 Transit \$6,215 and Aviation \$3,795 comprising the business-type activities and Internal Service funds \$2,982 which are included in the Governmental activities.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

13. Lease Obligations (Continued)

Operating Leases

Leases for property that do not have elements of ownership are recorded as operating leases. The County has operating leases for building rentals, land, office equipment and fiber optic cable. Building rentals consist of leases to use facilities for specific operations, offices and storage. These leases expire at intervals during the next five years. Operating leases for office equipment (including data processing equipment) extend over the next five years. The fiber optic cable lease expires in 2018. The County anticipates that operating leases will be renewed or replaced.

The following is a schedule by years of future minimum rental payments required under operating leases that have initial or remaining non-cancelable lease terms greater than one year as of December 31, 2017:

Year ending December 31,	perating Leases
2018	\$ 159,004
2019	122,941
2020	37,461
2021	23,895
2022	3,475
Minimum lease payments required	\$ 346,776

Operating Leases

The rental expense for the County's operating leases, both governmental and business type activities, except those with terms of a month or less that were not renewed, was \$909,023 for the year ended December 31, 2017.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

14. Interfund Activity

Individual interfund receivable and payable balances at December 31, 2017, are as follows:

Interfund Receivable From:

		Gover	Governmental Fund Types	Types	Propietary	Propietary Fund Types		
		M	Major	Non-major				
			Capital	Other		Department of	Internal

Total	\$ 1	1,082	\$ 2,419,221	\$ 2,486,391	\$ 170,000	\$ 1,780,000	\$ 757,345	\$ 7,614,039

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

14. Interfund Activity (Continued)

Amounts due from / to the Component Units are as follows:

	SU	SUNY		
<u>Due from Component Unit</u>	Broome			
General Fund	\$	228		

Individual interfund transfers for the year ended December 31, 2017 are as follows:

		Transfers Out nmental Fund			
		Major	Nonmajor		
Transfers In		Capital	Debt	Other	
	General Projects Service		Service	Governmental	Total
Governmental Fund Typ	oes				
General	\$ -	\$ 397	\$ 612,301	\$ -	\$ 612,698
Capital Projects	4,399,433	-	1,500,000	-	5,899,433
Debt Service	-	56,580	-	-	56,580
Other Governmental	9,688,550	84,166	959,690	1,457,729	12,190,135
Proprietary Fund Types					
Transportation	1,704,132	48,240	-	-	1,752,372
Aviation	1,478,024				1,478,024
Total	\$17,270,139	\$ 189,383	\$ 3,071,991	\$ 1,457,729	\$21,989,242

The transfers out of the General fund to other governmental funds accounts and proprietary funds, approximately 80.9% and 19.1% total of the transfers respectively, are primarily to support operations of those other funds.

15. Tax Abatement

All real property in New York is subject to taxation unless specific legal provisions grant it exempt status. Real property tax exemptions are granted based on many different criteria, including the use to which the property is put, the owner's ability to pay taxes, the desire of the state and local governments to encourage certain economic or social activities, and other such considerations. Most exemptions are granted under Article 4 of the Real Property Tax Law, but others are authorized by a wide variety of statutes ranging from Article 18-A of the real property tax law, the Agriculture and Markets Law to the Transportation Law. Certain exemptions provide full relief from taxation (wholly exempt property) and others reduce the taxes which would otherwise be payable by varying degrees (partially exempt property).

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

15. Tax Abatement (Continued)

Some exemptions apply to taxes levied for county, city/town, and school purposes, whereas others pertain only to some of these purposes. Yet another difference involves the extent of local government autonomy: while some exemptions are mandated by state law, others are subject to local option and/or local determination of eligibility criteria.

The County is also subject to Mortgage and Sales tax abatements granted by the IDA under the Policy. The IDA offers a full exemption of sales tax and mortgage tax to those that qualify, which usually consists of the first year commencing new construction. The amount of mortgage and sales tax abated in the County for the year ended December 31, 2017 was \$5,436,193.

Mortgage Tax

The County has 43 real property tax abatement agreements entered by either the Broome County IDA (the IDA), the City of Binghamton and local municipalities. These agreements provide for abatement of real property taxes in exchange for a payment in lieu of taxes (PILOT) in compliance with Tax Exemption Policy. PILOT's are granted in accordance with various activities such as new construction, purchasing of an existing facility, or the improvement or expansion of an existing facility. There are also policies for recapture of PILOTs should the applicant not meet certain criteria.

For the year ending December 31, 2017 the County collected approximately \$873,000 from properties under the PILOT program and abated approximately 53% of the total taxable value of \$1.85 million.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

16. Commitments and Contingencies

1.) Lawsuits – The County is a defendant in many lawsuits. In the opinion of the County Attorney, after considering all relevant facts, such litigation will not, in the aggregate, have a material adverse effect on the financial position of the County.

2.) Certiorari Actions – The County is regularly involved in certiorari actions brought on by real property owners to have their assessment reduced. Should these requests be granted, the amount of taxes collected from these taxpayers would be reduced and the overall taxes that could be collected would be affected.

3.) Contracts – The County has entered various contracts with outside vendors for goods and services, which were unperformed at year-end. The County has provided authority to fund these transactions in the subsequent year's budget.

4.) Labor Relation – County employees are represented by eight bargaining units with the balance governed by County rules and regulations. There are eight bargaining unit contracts, two of which expired on December 31, 2017 and are under negotiations.

5.) Environmental Risks – Certain facilities are subject to federal, state, and local regulations relating to the discharge of materials into the environment. Compliance with these provisions has not had, nor does the County expect such compliance to have, any material affect upon the capital expenditures or financial condition of the County. The County believes that its current practices and procedures for control and disposition or regulated wastes comply with applicable federal, state, and local requirements.

6.) Regulatory Environment (Willow Point Nursing Home) – The health care industry is subject to numerous laws and regulations of federal, state, and local governments. Recently, government activity has increased with respect to investigations and allegations concerning possible violations by health care providers of fraud and abuse statutes and regulations, which could result in the imposition of significant fines and penalties, as well as significant repayments for patient services previously billed. Compliance with such laws and regulations can be subject to future government review and interpretations, as well as regulatory actions unknown or asserted at this time.

7.) Federal and State Funded Programs – The County participates in many Federal and State grant and assistance programs. These programs are subject to financial and compliance audits by the grantors or their representatives. Any expenditures disallowed by the granting agencies cannot be determined at this time, although the County expects these amounts to be immaterial. Expenditures disallowed by completed audits have generally been immaterial in nature and have been reflected as adjustments to revenues in the year the expenditure was determined to be unallowable.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

16. Commitments and Contingencies (Continued)

8.) During 2001, BTASC purchased the rights to receive TSRs from the County. There are a number of risks associated with receipts of such TSRs, including litigation affecting participating manufacturers, and possible bankruptcy as a result thereof, the decline in cigarette consumption, and future adjustments to the calculation of the TSRs. BTASC's financial existence is contingent upon receiving TSRs from the tobacco manufacturers.

17. Solid Waste Management

Landfill Closure and Post-Closure Costs - Costs incurred for Nanticoke Landfill Cells II, III, and IV are reported in the Solid Waste Management Enterprise Fund. Cells II and III were expanded in 2006 and are now considered one cell. State and Federal laws require that the County place a final cover on its landfills when closed and perform maintenance and monitoring functions at the sites for 30 years after closure. An expense provision to recognize the liability for future closure and post-closure costs is included in the operating plan. The recognition of the landfill closure and post-closure costs is based on landfill capacity used through December 31, 2017. The estimated liability in the Solid Waste Fund is \$14,490,254 as of December 31, 2017. The liability is based on 100% utilization of Combined Cells II / III and 72.7% utilization of Cell IV. The County will recognize the remaining estimated closure and post-closure costs if all equipment, facilities and services made to close, monitor, and maintain the landfill were made as of December 31, 2017. The actual cost of closure and post-closure care may be higher due to inflation, changes in technology or landfill laws and regulations. Costs of closure and post-closure will be recovered through user tipping fees.

Only Nanticoke Landfill Cell IV remains open, with an estimated remaining life of 35 years. All the other landfill cells are closed.

The federal Environmental Protection Agency set forth criteria requiring owners and operators of municipal solid waste landfills to demonstrate financial responsibility for the costs of closure, postclosure, and corrective action associated with their facilities. This is intended to assure that adequate funds are available to cover these costs. The effective date of the requirements was April 9, 1997. The criteria provide for a few financial methods that can be used to demonstrate financial assurance. The County elected to use the Local Government Financial Test mechanism. There are four steps to this test.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

17. Solid Waste Management (Continued)

- 1. The County must meet each of these qualifications.
 - The government must have a current investment grade bond rating of Baa3 or better as issued by Moody's or BBB or better as issued by Standard and Poor's on all outstanding general obligation bonds.
 - The government's financial statements do not show an operating deficit of 5.0% or greater of the total annual revenue for each of the past two years.
 - The government's most recent financial statements did not receive an adverse or qualified opinion.
- 2. The government must include in its annual budget or financial statements the estimated cost of closure, post-closure, corrective action liabilities and when the costs will be incurred.
- 3. The following must be placed in the facility operations record:
 - A letter signed by the local government's chief financial officer showing compliance.
 - The independently audited year-end financial statements.
 - The opinion prepared by the government's year-end financial statement auditors.
 - A statement signed by the auditor or the state agency confirming the data in the Chief Financial Officer's letter.
- 4. Financial assurance is demonstrated for the costs of the local government's total environmental obligations up to 43.0% of its total annual revenue.

The County management believes that it meets the requirements for demonstrating its financial ability each year by filing documentation of compliance with each of the above steps with the New York State Department of Environmental Conservation each year.

18. Deficit Fund Balances / Net Position

The Governmental Activities has an overall deficit net position of \$89,004,217, due to the OPEB obligation of \$80,335,618 and net pension liability of \$27,007,088.

Fund Balance of the Capital Projects Fund decreased by \$6,019,825, resulting in a fiscal year end deficit fund balance of \$(44,573,171). This deficit is due to Bond Anticipation Notes (BANs) proceeds being used in part to fund the acquisition/construction of capital assets. Until the BANs are serialized and bond revenue recognized the fund balance shall remain in a deficit position.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

18. Deficit Fund Balances / Net Position (Continued)

Willow Point Nursing Home decreased by \$1,868,442 during 2017, resulting in a fiscal year end net position deficit of \$7,749,998. The deficit is a result of the recording of the other postemployment benefits liability of \$14,791,021. The County is not required to fund the other postemployment benefits liability and does not plan to do so at this time.

Department of Transportation increased by \$1,363,412 during the year, resulting in a fiscal year net position of \$10,091,574.

Central Kitchen decreased by \$834,670 during 2017, resulting in a fiscal year end net position deficit of \$1,187,036. The deficit is a result of the recording of the other postemployment benefits liability of \$1,444,944. The County is not required to fund the other postemployment benefits liability and does not plan to do so at this time.

Fleet Management decreased by \$92,539 during 2017, resulting in a fiscal year end net position deficit of \$243,716. The deficit is a result of the recording of the other postemployment benefits liability of \$304,487. The County is not required to fund the other postemployment benefits liability and does not plan to do so at this time.

Workers Compensation Fund decrease by \$16,594, from the prior year deficit, as restated, resulting in a fiscal year end net position deficit of \$613,515. The deficit is a result of the projection for the long-term liability associated with Worker's Compensation for Broome County.

En-Joie Golf Course increased by \$127,325 during 2017, resulting in a fiscal year end net position deficit of \$107,838. The deficit is a result of decreased revenue caused by 2011 flood damage and has been steadily decreasing since that event.

Arena decreased by \$63,358 during 2017, resulting in a fiscal year end net position deficit of \$339,955. The deficit is due to an increase in debt service principal and interest payments associated with ongoing capital improvement projects

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

19. Other Restricted Net Position

Other restricted net position presented as of December 31, 2017 is comprised of the following:

Purpose	Governmental
<u>i dipose</u>	Activities
STOP DWI	67,050
Occupancy Tax	186,198
Economic Development	1,787,139
911 System Costs	191,605
Handicapped Parking Program	6,062
Contingency & Tax	273,291
Inventory	960,665
Prepaid Expenses	803,121
Long Term Receivable	17,850
Veterans Services	1,025,895
Dog Shelter	297,988
Trust & Agency	2,172,057
Total	\$ 7,788,921

20. Subsequent Events

In April 2018, the Standard & Poor's Rating Services re-affirmed the County's "A+" rating with a stable outlook.

In May 2018, the County refinanced its \$72,294,000 bond anticipation notes by issuing \$16,815,000 in public improvement serial bonds, \$50,691,662 in bond anticipation notes and \$9,453,338 in federally taxable bond anticipation notes.

21. Reclassification

For comparative purposes, certain amounts reported at December 31, 2016 have been reclassified to conform with the current year presentation other than the items discussed in Note 23. These reclassifications had no effect on net position or change in net position as originally reported.

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

22. Accounting Pronouncements Issued Not Yet Implemented

The County has not completed the process of evaluating the impact that will result from adopting GASB Statements No. 75, *Accounting and Financial Reporting for Postemployment Benefit Plans Other Than Pensions;* No. 85, *Omnibus 2017;* and No. 86, *Certain Debt Extinguishment Issues,* effective for the year ending December 31, 2018, and No. 83, *Certain Asset Retirement Obligations;* No. 84, *Fiduciary Activities;* and No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements,* effective for the year ending December 31, 2019, and No. 87, *Leases,* effective for the year ending December 31, 2020. The County is, therefore, unable to disclose the impact that adopting GASB Statements No. 75, 83, 84, 85, 86, 87 and 88 will have on its financial position and results of operation.

23. Restatement

For December 31, 2017, there were three restatements. They are as follow:

1. There was a change in reporting regarding Blended and Discretely Presented Component Units.

An adjustment was made to decrease the net position of Governmental Activities to include BTASC, a major fund, in the primary government at December 31, 2016. This change also increased fund balance-governmental funds by \$3,090,043. There was also an increase in the Proprietary Funds due to the movement of Local Development Corporation and the Land Bank Corporation to non-major business type funds to nonmajor business-type activities.

	l	Net Position]	Net Position
	Previ	ously Reported		Effect of		Restated at
	Dece	ember 31, 2016]	Restatement	Dece	ember 31, 2016
Governmental Activities Business-type Activities	\$	(7,928,071) 70,732,915	\$	(59,259,379) 421,883	\$	(67,187,450) 71,154,798

Notes to the Basic Financial Statements For the Year Ended December 31, 2017

23. Restatement (Continued)

2. At December 31, 2016, the government-wide Statement of Net Position allocated the liability for workers' compensation to the business-type activities column. However, this liability was not allocated on the Statement of Net Position-Proprietary Funds. The net position on the Statement of Net Position-Proprietary Funds has been restated to allocate the liability for workers' compensation:

		Net Position ously Reported		Effect of		Net Position Restated at
	December 31, 2016		F	Restatement		ember 31, 2016
Department of Transportation	\$	11,902,683	\$	(3,174,521)	\$	8,728,162
Willow Point Nursing Home		(3,050,576)		(2,831,071)		(5,881,647)
Solid Waste Management		25,174,589		(144,666)		25,029,923
Aviation		43,499,436		(642,960)		42,856,476
Internal Service Funds		8,912,174		6,793,217		15,705,391

3. There was a change in reporting requirements for Component Unit – Industrial Development Agency, which led to a restatement in net position. During the year, the Agency reviewed its capital assets listings and became aware of items not capitalized in the past year. Additionally, the Agency changed its accounting for certain properties held under PILOT agreement which were returned to the company. Furthermore, the Agency evaluated its aging accounts receivable and cutoff of receivables and determined items to be included in accounts receivable.

Property under PILOT agreements	\$ (6,087,377)
Accounts receivable	306,014
Capital Assets	 1,090,158
	\$ (4,691,205)

To correct errors and account for the change in accounting principle, a decrease to net position was made on December 31, 2017.

Special Revenue Funds

The Special Revenue Funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes, other than debt service or capital projects.

<u>**County Road</u>** - Used to account for monies collected for administering County highway programs. Expenditures are for highway maintenance and traffic control.</u>

<u>County Road Machinery</u> - Used to account for the financial transactions relating to the purchase, repair, maintenance, and construction of highway machinery tools, equipment, storage buildings, materials, and supplies.

<u>Library</u> - Used to account for the financial transactions of the County of Broome Library System.

Arena - Used to account for the financial transactions of the Broome County Veterans Memorial Arena.

<u>Office of Employment and Training</u> - Used to account for monies received under the Workforce Investment and Workforce Innovation and Opportunity Acts. Expenditures made from this fund support programs designed to increase the employability of unemployed youth, displaced workers, and the chronically unemployed.

<u>En Joie Golf Course</u> - Used to account for the financial transactions of the County golf course.

Internal Service Funds

Internal Service Funds

Internal Service Funds account for the operations of County departments rendering services to other County departments on a cost-reimbursement basis.

Fleet Management - Used to account for the financial transactions of the County's fleet of vehicles.

<u>Central Kitchen</u> - Used to account for the food costs provided by vendor to Sheriff, Willow Point Nursing Home, and Office for Aging.

Health Insurance - Used to account for the County's self-insured program for health benefits which includes program administration, claims administration, consultant actuary services and other fees, health claims including prescription, medical and hospital claims, and stop-loss insurance associated with health benefits coverage.

<u>Workers' Compensation</u> - Used to account for the financial transactions of the County's administrated self-insured program for workers' compensation.

<u>**Insurance Reserve**</u> - Used to account for the financial transactions of the operation of the County's portion of self-insured casualty and liability claims.

<u>Unemployment Insurance</u> - Used to account for the financial transactions of the County's administrated self-insured unemployment insurance program.

¹ Debt service payments and contributions to the Community College are budgeted as transfers but the actual expenditures are presented as education expenditures.

² Certain indirect costs are not charged to County departments by the General Fund. Therefore equal amounts Transfers out and contractual expenditures were not budgeted.

³ Principal and interest associated with capital leases are budgeted as contractual expenditures in the appropriate expenditure categories. The actual expenditures are presented as principal and interest.

⁴ Sales tax revenues are budgeted on a net basis but presented on a gross basis. Therefore equal amounts of sales and use taxes and governmental expenditures representing the portion paid to the municipalities were not budgeted within the general fund .

⁵ The WIC, Food Stamps, and HEAP programs are budgeted on a net basis but presented on a gross basis. Therefore equal amounts of federal aid & program expenditures representing the portion paid for on behalf of the the County were not budgeted within the general fund.

Statistical and Economic Data (Unaudited)

This section presents tables that reflect social and economic data, and financial trends of the County. In some cases, the tables include statistical information for the towns, cities, villages, and school districts which are not part of the County reporting entity. It is intended to provide readers of this report with a broader and more complete understanding of the County and its financial condition than is possible from the financial statements and schedules included in the Financial Section. Many tables in this section include several fiscal years for comparative purposes, and may present data from outside of the County's accounting records.

<u>Contents</u> <u>Pag</u>	<u>Page</u>
Financial Trends 195	195
These schedules contain trend information to assist the reader to understand how the County's financia performance and well-being have changed over time.	ancial
Revenue Capacity 201	201
These schedules contain information to assist the reader in assessing the County's most significant loca revenue sources; principally, property and sales taxes.	t local
Debt Capacity 210	210
These schedules present information to assist the reader in assessing the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.	unty's
Demographic and Economic Information 215	215

These schedules offer demographic and economic indicators to assist the reader in understanding the environment within which the County's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to assist the reader in understanding how the information in the County's financial report relates to the services the County provides and the activities it performs.

Direct and Overlapping Debt Activities

Table 13 (Continued)

Many governmental subdivisions located within the County of Broome have authority to issue debt and levy taxes or cause taxes to be levied on the taxable real property within their boundaries. The amount of total debt outstanding at the end of fiscal years completed in 2017 as reported in the Special Report on Municipal Affairs is presented above. Amounts includable and amounts excludable from the debt limit are presented separately. The debt limit is a percentage of the five-year average full valuation of real property taxable for the specific municipality's purpose. The percentage is 7.0% for cities, towns and villages, 5.0% for school districts located wholly or partly in a city with a population under 125,000, and 10.0% for all other school districts.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the County. This table estimates the portion of the outstanding debt that is borne by the residents and businesses of the County. This process recognizes that, when considering the County's ability to issue and repay long-term debt, the entire debt burden borne by the residents and business should be considered. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

- ^a Pursuant to applicable constitutional and statutory provisions, this indebtedness is excludable from gross indebtedness for purposes of computing the amount of the debt limit exercised.
- ^b The percentage of overlapping debt applicable is estimated using the taxable full value for property tax purposes. Applicable percentages were estimated by determining the portion of another governmental unit's taxable full value that is within the County's boundaries and dividing it by each government's total full value.
