## Let's Restore dignity and self worth

*Pope Francis designed 2016 as the Year of Mercy. At a joint Parish Council Meeting at St. Patrick's and St. Thomas Aquinas Churches during the Year of Mercy, the idea of Showers for the homeless came about as a result of Pope Francis building a place in St. Peter's Square where the homeless could get a shower and a haircut. We began to do some research and found that there were cities that offered this service using a mobile unit. The idea of a mobile unit appealed to us as we could move it to various locations where there was a need. We introduced the idea to local parishes who supported it enthusiastically, and we received support from local governments and agencies, and other denominations as well.*
