An Educational Presentation for Family Caregivers

## **Advanced Planning and End of Life: The Importance of Making Your Wishes Known**

Wednesday, April 14, 1:30 – 2:30 PM

**By Zoom or Phone Call**

Presented by Chereese Douglas, Program Specialist with Action for Older Persons

Attend this presentation to learn what you need to know to better plan for yourself and the one you're caring for.

Chereese will provide an overview of the various advance directive options that are available. This includes the health care proxy, living will, do not resuscitate (DNR) document and medical orders for life sustaining treatment (MOLST).
